

Evaluation Norms

Primary responsibilities of the Student Evaluation Division are the conduct of the examinations and evaluation of their performance through continuous internal assessment and term-end examinations. Read in detail about GITAM (Deemed to be University)'s evaluation guidelines.

- Assessment
- Attendance requirements
- Eligibility for award of degree

The assessment of the performance of the students' in a theory programme shall be based on two components: (i) continuous evaluation and (ii) semester-end examination.

A student has to secure a required percentage in theory component of the programme and an aggregate percentage required (as per the concerned programme regulations) together in the above two components, to be declared to have passed the programme.

Practical / Project Work / Industrial Training / Viva voce / Seminar etc. programme are completely assessed under continuous evaluation (as per the concerned programme regulations) and a student has to obtain required percentage to secure pass grade.

A student, whose attendance is less than the required prescribed in the regulations, will not be permitted to attend the end - semester examination and he / she will not be allowed to register for subsequent semesters of study. Such student has to repeat the semester along with the juniors.

However, the Vice Chancellor on the recommendation of the Principal / Director / Dean of the Institute / School may condone the shortage of attendance to the students on genuine medical grounds.

Eligibility for award of degree

Duration of the programme : A student has to normally complete the programme of study within the stipulated time period, with an additional grace period of two years.

However, the Vice Chancellor at his discretion can relax the above regulation in individual cases for cogent and sufficient reasons.

A student shall be eligible for award of a degree subject to fulfilling the following conditions.

1. Registered and successfully completed all the programmes and projects.
2. Successfully acquired the required credits as specified in the regulations within the stipulated period of study.
3. Has no dues to the Institute/School, hostels, Libraries, NCC / NSS etc, and
4. No disciplinary action is pending against him / her.
5. The degree shall be awarded after approval by the Academic Council.

Candidates can apply online for the following examinations; download the appropriate Application form.

S.No.	Item	Fee	Download Application
1.	Supplementary Examination (Only Theory Courses)	Rs.1200/- per course

Instructions

Candidates are advised to read the following instructions carefully before applying for their requirements pertaining to examinations / certificates (including duplicate certificates)

Original copy of the payment particulars (challan, receipts of online payments etc.) is to be enclosed to all applications, unless otherwise specified.

Separate applications are to be submitted for each of the requirements, downloading the particular application.

Candidates applying for supplementary examinations, revaluation and re-totalling need not submit any applications. Payment of the prescribed fee through challan / debit card / credit card / internet banking is automatically construed as an application. Candidates are advised to keep a copy of the fee payment particulars for record.

Candidates have to submit their application for issue of “Provisional Certificate” to their Head of the department.

Candidates have to submit the applications related to the following certificates directly in the O/o. Directorate of Evaluation. Grade Cards, CMG, Migration Certificates, Conversion Certificates, Rank Cards etc.

Candidates have to collect their Provisional Certificate from the respective departments and other certificates from the Directorate of Evaluation.

Original Degrees (ODs) can be obtained In-person or In-Absentia at the Convocation or after the Convocation.

Candidates applying for Post Graduate Degrees such as MA. / M. Sc. / MBA / M. Phil. / Ph .D. have to enclose a copy of the lower qualifying Degree along with the application. Those who could not submit the lower degree have to submit Annexure I.

Original Degree of the candidate will be sent through Speed Post / Registered Post only. However, Original Degree will be issued to the student only on the endorsement of the faculty member of GITAM.

Late Fee for Belated Years: Candidates have to collect their Degrees, Diplomas and other Certificates within one year from the date of completion of degree, after Convocation for which they are eligible. Afterwards, every 12 months shall be treated as a '**belated year**' and late fee has to be paid accordingly as mentioned in the fee structure.

Candidates may obtain their Certificates by Post on payment of specified charges as noted below: All certificates other than Original Degree: Rs.75/- For Transcripts : Rs.160/-

Candidates applying for Duplicate Certificates have to enclose the following:

Duly filled in application form

A Photo copy of the certificate

Fee payment receipt

Student undertaking (Annexure-II)

To graduate from GITAM, undergraduate students (such as B.Tech candidates) generally need to complete a minimum of 160 credits

M.Tech. Data Science	₹65,500	₹65,500

Merit-Driven Need-Based Scholarship Policy applicable across all programs excluding KSP, GIMS, Dental, CDL and Ph. D at campuses Visakhapatnam, Hyderabad, and Bengaluru for the academic year 2026-27 at the three campuses.

General Terms

Admissions to eligible scholarship candidates will be offered on a "first-come-first-served" basis.

Admissions through scholarships will be considered up to 15% in CSE and its specializations, 30% for MBA and 20% in the rest of the programs on the sanctioned intake for all the programs, except for 100%, 75%, and 60% scholarship slabs and for the non-Telugu mother tongue students. The scholarship slabs of 100%, 75%, and 60% and admitted students from non-Telugu mother tongue don't attain any scholarship waitlist.

Once the earmarked limit is exhausted in a program through scholarships, the student will not be entitled to the scholarship despite qualifying for the scholarship. Exceptions will be made at the discretion of the "Management."

The primary scholarship policy will be merit-driven and have need-based financial support. Merit scholarships up to 100% of the tuition fee are offered depending on merit. The additional need-based scholarships to the merit students are offered based on the combined annual income of both the parents/guardians of the eligible students.

The scholarship slabs are 100%, 75%, 60%, 40%, 25%, and 15%.

Apart from the above, the following scholarships are also offered to eligible students :

- i. Employee Children Scholarships (60%, 40%, and 20%)
- ii. Loyalty Scholarships (10% for alumni returning for higher studies, children of alumni, real or step siblings (not applicable to cousins), children of retired employees of GITAM, and spouses of GITAM employees)
- iii. Sports Scholarships (100%, 75%, 60%, 40%, 25%, and 15%)
- iv. All supporting documents for the above-mentioned scholarships must be uploaded in the counselling portal by July 31, 2026

The merit, need-based, employee, and loyalty scholarships are not available to students who have failed or have backlogs from previous years, nor to those who have achieved the minimum CGPA through betterment in any given year.

However, students who meet the minimum CGPA requirement through recounting are eligible for the scholarship.

Merit Scholarships

For the scholarships offered through various National / State Entrance Tests, the students are encouraged to apply for the GITAM Admission Test (GAT) /GITAM Business Aptitude Test (GBAT) and attend the counseling for admission as per the schedule.

Suppose a student is eligible for a scholarship under more than one category through GBAT/ GAT/ National / State Entrance Tests. In that case, they will be awarded the highest percentage of the scholarship among the eligible entrance tests.

Renewal Criteria : The scholarship provided via GBAT/GAT or National/State Entrance Exams is valid only for the first academic year. To continue receiving the same scholarship in subsequent years, students must maintain a CGPA of 8.0 or higher. If a student's CGPA falls between 7.5 and 7.99, their scholarship will be reduced to the next lower category among the available slabs of 75%, 60%, 40%, 25% and 15%. However, this reduction does not apply to students who initially receive a 15% scholarship. The student will be eligible for the scholarship in the year in which they fulfil the scoring of the required CGPA in any subsequent year of study.

Need-Based Scholarships

The courses offered across campuses will be divided into two tiers,

Tier A : Tuition Fee $\geq$ 2.00 LPA

Tier B : Tuition Fee $<$ 2.00 LPA

To be eligible for the need-based scholarship, the combined income of both parents/guardians of the eligible student, or in case of a married student, the combined income of the student and spouse, must be as follows:

Tier A : Less than 16.00 LPA

Tier B : Less than 08.00 LPA

Candidates admitted through merit scholarships in the slabs of 75%, 60%, 40%, 25%, and 15%, whose parents'/guardians' combined income is within the prescribed limits, are eligible for an additional need-based scholarship.

For the award of the need-based scholarship, the student must upload the tax documents of both parents/guardians, i.e., Acknowledgement of Income Tax Return for the respective financial year in the counselling portal before July 31, 2026. the closure of the admission cycle. Upon successful verification, their scholarship will be upgraded from 75% to 100%, 60% to 75%, 40% to 60%, 25% to 40% and 15% to 25%.

Suppose any student is eligible for the need-based scholarship and is unwilling to upload both parents/guardians tax documents in the counselling portal before July 31, 2026, in that case, they will not be eligible to be upgraded with the additional need-based scholarship.

The need-based scholarship will be awarded to the eligible students upon filling out the need-based scholarship form in the counselling portal before the closure of the admission cycle July 31, 2026. Data will be evaluated for the need-based scholarships of eligible students.

The need-based scholarships will only be applicable for 75%, 60%, 40%, 25%, and 15% of the slabs.

The scholarship award is entitled to the first year of their study. It may be noted that need based scholarship is not continued automatically. The same scholarship will be continued in the subsequent years of study based on the CGPA achieved as per the table below :

Original Scholarship Slab%	CGPA	Scholarship%		
		Merit	Need Based	Total
100	≥ 8.0	100	0	100
100	≥ 7.50 to 7.99	75	0	75
100	< 7.50	0	0	0

75	>= 8.0	75	25	100
75	>= 7.50 to 7.99	60	15	75
75	< 7.50	0	0	0
60	>= 8.0	60	15	75
60	>= 7.50 to 7.99	40	10	50
60	< 7.50	0	0	0
40	>= 8.0	40	20	60
40	>= 7.50 to 7.99	25	15	40
40	< 7.50	0	0	0
25	>= 8.0	25	15	40
25	>= 7.50 to 7.99	15	10	25
25	< 7.50	0	0	0

15	>= 8.0	15	10	25
15	>= 7.50 to 7.99	0	10	10
15	< 7.50	0	0	0

Need based scholarship will be awarded after evaluation of both parents/guardian's tax documents for subsequent years before commencement of classes for the upcoming academic year or timelines as notified through mail of the need-based scholarships.

The students eligible for the merit-driven need-based scholarship further qualify for loyalty scholarships/sports scholarships, provided the total scholarship is not over 75%.

Hostel Scholarships

In addition, students awarded merit scholarships will receive an additional 20% scholarship specifically allocated for hostel fees (including food and Non-AC accommodation) at GITAM for merit scholarship slabs: 15%, 25%, 40%, and 60%.

Students awarded 75% & 100% Merit scholarships are also awarded the same percentage in the hostel fees (including food and Non-AC accommodation).

Renewal Criteria : In AY 2026, Students awarded hostel scholarship of 20%, 75% and 100% on food & accommodation in addition to their merit tuition scholarship are eligible for renewal in the subsequent years as per the following table.

CGPA Criteria	Merit Scholarship 15%/25%/40%/60%	Merit Scholarship 75% / 100%
---------------	--------------------------------------	---------------------------------

Greater than or equal to 8.0	20%	75% / 100%
CGPA is between 7.50 to 7.99	10%	20%
Less than 7.50 or failed	0	0

The original merit tuition scholarship percentage will continue in subsequent years, subject to meeting merit renewal norms.

Employee Children Scholarships

The revised scholarship slabs were given as below :

Gross Salary per Month (In Rs)	Employee Children Scholarship%
Below 50,000	60%
50,000 – 1,00,000	40%
Greater than 1,00,000	20%

The children of GITAM employees admitted in full-time courses who have secured 100% and 75% scholarships are not eligible for employee children's scholarships.

The children of GITAM employees admitted in full-time courses can avail 60%, 40%, 25%, and 15% scholarships, not exceeding a total combined scholarship of 75%.

The children of GITAM employees admitted are eligible for loyalty scholarships, and the total scholarship should not exceed 75%.

Employees with a minimum of one year of continuous completed permanent service will be considered on a prospective basis at the time of admission or at the beginning of the academic year.

The quantum of scholarship based on the employee's salary at the time of admission is applicable for the entire course duration of the student on a prospective basis, effective from the academic year 2026–27 admitted batch.

If both parents of the admitted student are GITAM employees, the higher-salaried parent will be considered for the scholarship award.

Renewal Criteria : Students admitted under the Employee Children Scholarship in AY 2026 will be eligible for renewal based on their CGPA, as outlined below :

CGPA Criteria	Scholarship%
At least 8.0	Scholarship retained in full
Between 7.5 – 8.0	Reduction by 10% (60% to 50%, 40% to 30% and 20% to 10%)
Less than 7.5	Reduction by 20% (60% to 40%, 40% to 20% and zero)

This policy will be implemented retrospectively, based on student academic performance from AY 2025–26 onwards. A student will be eligible to restore the applicable scholarship level in any subsequent year in which they meet the prescribed CGPA.

Loyalty Scholarships

The students admitted are further eligible for loyalty scholarships like alumni returning to higher education, alumni children, sibling scholarship (real siblings or step siblings), retired employee children scholarship, and spouse of GITAM employee.

Only one criterion from the loyalty scholarships will be applied at any time. A maximum of 10% will be awarded through the loyalty scholarship. Once the loyalty scholarship is awarded to the student, the same will be continued for further study subject to meeting the renewal criteria below :

Scholarship Scheme	Scholarship %
Any Alumni returning to do higher studies	10%
Children of Alumni	10%
Real Siblings (Not applicable to step siblings or cousins)	10%
Children of retired employees of GITAM	10%
Spouse of GITAM Employee	10%

To determine eligibility, the status as at the beginning of the year will be considered. Any eligibility acquired during the year will be applicable from the next academic year only. It will not be applied on a pro-rata basis or from the middle of the year.

Loyalty scholarships will not apply to students who have secured 100% or 75% scholarships through merit-driven or need-based scholarships.

If both siblings are admitted in the same academic year, the sibling scholarship will be applicable only to the one with the higher tuition fee.

Renewal Criteria : Students admitted under the Loyalty and Management Scholarship in AY 2026 will be eligible for renewal based on their CGPA, as outlined below

CGPA Criteria	Scholarship%
At least 8.0	Scholarship retained in full
Between 7.5 – 8.0	Reduction by 5% (10% to 5%)
Less than 7.5	Reduction by 10% (Zero Scholarship)

A student will be eligible to restore the applicable scholarship level in any subsequent year in which they meet the prescribed CGPA.

Sports Scholarships

A potential student may be eligible for sports scholarships. The scholarship levels are 100%, 75%, 60%, 40%, 25%, and 15% of the tuition fee.

For exceptional cases and deserving candidates, subsidized or free accommodation may be provided at GITAM student residences. The scholarship levels for accommodation shall be 100% or 50% of the hostel fee.

While students' achievements and proficiency in sports will be given importance, equal significance will also be given to their academic performance once they begin their student-athlete journey.

For students seeking 75% or 100% scholarships, preference will be given to the following programmes – BBA (General), BA (Sociology), BA (History), and BA (Political Science). Offering other courses will be considered based on the sport, on a case-by-case basis.

Application Process

Proceed to fill out the regular GITAM Application.

Prospective students may select the Sports Quota in the scholarship drop-down box, which will open a separate section for entering sports-related information.

All sports achievements must be listed in the application form, along with uploading scanned copies of proof (certificates, paper clippings, etc.) in the allotted section.

The achievements should be within 3 years from the year of application (i.e., on or after 1st June 2023).

The application will be considered only if the applicant has participated or won in their sport at the International, National, State, or Zonal level.

The list of sports for which admissions are available under the Sports Quota is mentioned below :

Campus	Sport Offered
Visakhapatnam	Archery, Athletics, Badminton, Basketball, Chess, Cricket, Fencing, Football, Kabaddi, Mixed Martial Arts, Power lifting, Roller Skating, Table Tennis, Tennis, Volleyball, and Weightlifting
Hyderabad	
Bengaluru	

If the student has participated at an International or National level in any sport that is not listed above, they may write to mention the relevant achievements (along with certificates) to sports_scholarships@gitam.edu. Scholarships for these candidates will be granted at the discretion of the Directorate of Sports, GITAM.

Short listing & Trials

There will be a two-stage screening process for finalizing the Sports Quota candidates.

Application Review: All applications will be analysed and the candidates who rank the highest amongst the applicants and meet the criteria set will be called for Selection Trials & Interview.

Selection Trials + Interview: The candidates who have cleared the Application review process will participate in a Selection Trials process. The Selection Trial will be an assessment of their game/sport – which shall include :

Sport Specific Fitness

Fundamental knowledge and skills in the sport

Overall playing ability

The personal interview will also be conducted to assess the overall fit of the candidate.

Evaluation

The overall evaluation process shall be as follows :

Stage	Assessment Type	Assessment Categories	Weightage
1	Application Process	Sports Achievements	30%
2	Selection Trials	Academic History + GAT/GBAT/Entrance Test Score	20%
		Sports Specific Trials	40%
		Personal Interview	10%

Total	100%

District Inter School Competitions (Divisional Level)	District Sports Officer
PYKKA District Rural Competition	Member Secretary and District Sports Officer
District Level Competitions	District Education Officer

Renewal Criteria

The scholarship offered under Sports is applicable only for the first year. The same scholarship will be continued, revised in the subsequent years of study subject to

Evaluation of performance and achievement in sports at State, National, and International levels, including but not limited to representing the University in approved sports competitions.

The student must not have any backlogs carried forward from previous year(s) into the new academic year (i.e., no backlogs at the start of the academic year/scholarship cycle).

If a student is unable to attend scheduled examinations due to participation in sports, they may be permitted to appear for the nearest possible supplementary examinations, provided that such exemption does not extend beyond one academic year. Beyond this, the Sports Scholarship will be withdrawn.

The student must maintain an impeccable disciplinary record.

Failure to meet any one or more of the above criteria will result in withdrawal of the scholarship.

Scholarship revision will be at the discretion of the Management.

Combination of Scholarships

The combination of merit-driven, need-based, employee children, loyalty, and sports scholarships should not exceed 75%. The combination of scholarships chosen cannot be changed during the student's course of study.

For any combination of scholarships with the merit-driven need-based scholarship, the percentage of total scholarship should not exceed 75% after deducting course fee concession. It will be awarded in the following order of preference:

- i. % of Merit, Need-based and Management Scholarship on the tuition fee after deducting programme scholarships.
- ii. % of Employees Children scholarship as per the order of precedence on balance after Sl. No (i).
- iii. % of Loyalty Scholarship as per the order of precedence on balance after Sl. No (i) and (ii).
- iv. % of Sports Scholarship as per the order of precedence on balance after Sl. No (i), (ii) & (iii).

Eligible students can avail only one scholarship from the above, up to 100%, without any combination.

Ph.D. scholars are not eligible for alumni scholarships. Students from the Center for Distance Learning (CDL) are not considered alumni.

Scholarships are subject to timely payment of fees. Students with pending dues will not be eligible for scholarships. Additionally, students facing disciplinary action will not be eligible for any scholarship for the remaining years.

This scholarship scheme is effective from the academic year 2025–26 and is not applicable to previous academic years.

This approved scholarship policy does not apply to the Kautilya School of Public Policy, MBBS, Ph.D. programs, and admissions through KCET.

In case of any conflict in interpreting the scholarship rules, the decision of the Vice-Chancellor shall be final and binding.

Scholarship Adjustment Policy for Liberal Education Program Sliders

Students sliding across Liberal Education programs will retain their existing scholarship slab if their CGPA is ≥ 8.00 .

Students with a CGPA below 8.00 will receive a step-down scholarship as per policy (e.g., from 25% to 15%, 15% to 0%).

Illustrative scenarios

Scenario 1 : BBA (CGPA 8.5) → B.Sc. Math → Retains 25%

Scenario 2 : BBA (CGPA 7.8) → B.Sc. Math → Stepped down to 15%

Scenario 3 : B.Sc. Math (CGPA 8.5) → BBA → Retains 25%

Scenario 4 : B.Sc. Math (CGPA 7.8) → BBA → Stepped down to 15%

Tuition Fee Recalibration : Students need to pay the revised tuition fee applicable to the new program they opt for at the time of sliding.

Scholarship Evaluation Rubric for High Slabs (60%, 75%, 100%)

For students offered 60%, 75%, or 100% scholarships, a Personal Interview (PI) is mandatory for final scholarship confirmation or revision. Interviews will be conducted at the allotted campus.

Each panel will comprise two faculty members nominated by the respective Heads of Institutions (Hols). Candidates will be evaluated on six key parameters: academic consistency, credential verification, communication skills, mindset, program fit, and extracurricular activities. The highest weightage will be given to academics and communication skills. Total score: 10 points.

Based on the Personal Interview score, scholarship slabs will be adjusted as follows:

- i. Score ≥ 8.0 : Upgrade by one slab
- ii. Score between 6.0 and 7.9: Retain the originally offered slab
- iii. Score < 6.0 : Downgrade by one slab (not falling below 40%)

Interview Framework for Scholarship Confirmation

The interview process for scholarship confirmation and revision will be structured as follows

Interview Mode by Scholarship Slab:

- i. 100%, 75%, 60%: AI-based interview followed by a mandatory Faculty Personal Interview

- ii. 40%, 25%, 15%: AI-based interview only

For candidates offered 60%, 75%, or 100% scholarships, completion of the Faculty Personal Interview is mandatory for final confirmation or revision of the scholarship. Faculty interviews will be conducted at the allotted campus.

60. Faculty Interview Panel and Evaluation Criteria: Each Faculty PI panel will consist of two faculty members, nominated by the respective Heads of Institution (Hols) / Dean's. Candidates will be assessed on six parameters: Academic consistency, Credential verification, Communication skills, Mindset and motivation, Program fit, and Extracurricular engagement. The highest weightage will be assigned to academic performance and communication skills. The maximum interview score is 10 points.

Scholarship Revision Based on Interview Outcomes: Final scholarship allocation for 100%, 75%, and 60% slabs will be based on interview performance as follows :

- i. Score ≥ 8.0 : Upgrade by one scholarship slab
- ii. Score between 6.0 and 7.9: Retain the originally offered slab
- iii. Score < 6.0 : Downgrade by one slab (minimum floor of 40% scholarship)

Scholarship Renewal Criteria for Special Initiatives

Renewal criteria for scholarships granted under the following special initiatives are applicable for the entire duration of the course without any CGPA constraints and are treated as equivalent to a course fee concession:

a. MoUs with CBSE/ISC Schools :

i. Future Kids Global School, Rajahmundry

ii. Nex Gen School, Guntur

b. Defense and Paramilitary Categories (Navy, Army, and CRPF)

Renewal Criteria : Scholarships awarded under special initiatives are valid only for the first academic year. Continuation of the scholarship in subsequent years is subject to the student maintaining a minimum CGPA of 8.0. If a student's CGPA falls within the range of 7.5 to 7.99, the scholarship shall be downgraded by one slab from the originally awarded category, except in cases where the student was awarded a 15% scholarship, for which no further downgrade applies. Students whose scholarship is reduced or discontinued may become eligible again in any subsequent academic year upon meeting the prescribed CGPA requirement. A separate and independent scholarship policy will be notified for the GITAM Vidya Protsaham (Pathway Program), detailing eligibility, continuation, and renewal criteria specific to the program.

Scholarship Cutoffs through GAT/ GBAT / International / National and State Entrance Tests

The scholarship cutoff scores and slab eligibility for all these categories shall remain aligned with the cutoffs followed in AY 2025, with no deviation, unless revised and formally approved by the competent authority.

Scholarship Approval Authority

Sl. No	Scholarship Type	Scholarship Scheme	Approving Directorate	Turn Around Time (Working Days)
1	Merit	All State and National Entrance Tests	Admissions	02 Days
2	Need-based	All Need-based Scholarships	Finance	02 Days
3	Employee Children	All Employee Children Scholarships	HR	02 Days
4	Loyalty	Children of retired employees of GITAM	HR	02 Days
5	Loyalty	Any Alumni returning to do higher studies	External Relations	02 Days
6	Loyalty	Children of Alumni	External Relations	02 Days
7	Loyalty	Sibling Scholarship	External Relations	02 Days
8	Loyalty	Spouse of Employee	HR	02 Days
9	Sports	All Sports Scholarships	Sports	02 Days

Program Transfers within Liberal Education

Students transferring between BBA, B.Com, and B.Sc. (Liberal Education) retain their scholarship if:

CGPA $\geq$ 8.0 → slab retained

CGPA $<$ 8.0 → slab downgraded by one level

Students must pay the revised tuition applicable to the new program.

Institutional Framework, Curricular Structures, and Administrative Operations: GITAM Deemed to be University

Institutional Governance, Compliance, and Leadership Structure

The administrative operations and academic governance of Gandhi Institute of Technology and Management (GITAM) Deemed to be University are structured to ensure regulatory compliance, quality control, and unified management across its campuses in Visakhapatnam, Hyderabad, and Bengaluru. The university operates under a centralized executive leadership that works alongside campus-specific administrative heads to implement academic policy, manage institutional audits, and coordinate industrial integration.

Apex Leadership and Administrative Portfolios

The executive governance of the university is overseen by a structured hierarchy of academic administrators who manage portfolios spanning student affairs, research and development, and regional campus operations :

Vice-Chancellor: Prof. K. Siva Rama Krishna

Registrar: Prof. D. Gunasekaran

Pro Vice-Chancellor (Academics): Prof. Jayasankar Elassery Variyar

Pro Vice-Chancellor (Hyderabad): Prof. D.S. Rao

Pro Vice-Chancellor (Bengaluru): Prof. D. Sambasiva Rao

Pro Vice-Chancellor (GIMSR): Prof. C. V. Rao

Dean of Engineering / School of Technology: Prof. C. Vijayasekhar

Dean of Management / School of Business: Prof. Raja Phani Pappu

Director of Academic Affairs: Prof. Y. Radhika

Director of Career Guidance Centre (CGC): Dr. N. L. N. Reddy

Director of Student Life (Hyderabad): Ms. Manali Bhattacharya

Director of Student Life (CDOE/Kautilya): Mr. Xavier Joel Maria

Constituent Schools and Academic Leadership

Each campus has distinct academic divisions that are coordinated by resident principals and directors :

GITAM School of Technology, Hyderabad: Led by resident deans and department heads, the campus has grown to support over 6,500 students with a dedicated faculty of approximately 400 academics.

GITAM School of Business (GSB): Operates under specialized deans who oversee both traditional and distance-based professional management curricula.

SC-ST Welfare and Grievance Committee: Chaired by Prof. Balkumar Marthi, Dean of Campus Life, this committee ensures administrative support, welfare monitoring, and equal opportunity compliance across all campuses.

Internal Quality Assurance Cell (IQAC): Reconstituted to maintain NAAC A++ quality standards, the IQAC meets quarterly to audit the curriculum, oversee the transition to blended learning platforms, and enforce statutory disclosures.

Unified Governance and Policy Resource Directory

The following directory compiles 53 official, verified GITAM PDF documents.

These documents exclude general academic regulations and student code of conduct files. They are organized into distinct categories to provide direct access to verified institutional sources.

Academic Calendars, Timelines, and Distance Education Logistics

Academic operations are planned and implemented based on specific calendars designed for regular, distance, and online learning streams. The Centre for Distance and Online Education (CDOE)—formerly the Centre for Distance

Learning (CDL)—adheres to a structured timeline that balances self-paced study with contact learning sessions.

Distance and Online Learning Session Cycles

Admissions for ODL and online programs are processed across two primary cycles: the July Session (running from July of the current year to June of the following year) and the January Session (running from January to December of the same year). CDOE calendars detail precise timelines for courseware uploads, assignment submissions, contact classes, and sessional evaluations. For the 2023–24 admitted batch, the second-semester timeline scheduled tuition fee payments in early February, followed by the progressive upload and dispatch of self-learning materials. Weekend contact classes of 10 hours per course were conducted across Visakhapatnam, Hyderabad, and Bengaluru locations to facilitate direct academic mentoring before the commencement of examinations. These operations rely on continuous assessment. For the distance education stream, continuous assessment requires students to submit two assignments per course. These assignments are uploaded within defined timelines, with first-round submissions due by late March/November and second-round submissions due by late May/December. Late assignments are not accepted beyond the semester's hard cutoff dates (e.g., June 1st for the spring semester and January 1st for the winter semester). Terminal evaluations are held in June and July, with results declared within 15 to 20 days after the final examination. The table below outlines the operational timeline for the distance education stream, detailing sessional cycles and academic events.

Distance Education Operational Timelines

Operational Activity	July Admission Cycle (2023–24 Batch)	January Admission Cycle (2024 Batch)
Admission Window	August 1, 2023 – September 30, 2023	January 14, 2024 – March 31, 2024
SLM Upload Date	September 4, 2023	January 30, 2024

SLM Dispatch Starts	October 16, 2023	February 9, 2024
Weekend Classes	November & December 2023 (10 Days)	April & May 2024 (10 Days)
Personal Contact Program	December 16, 2023 – December 24, 2023	May 27, 2024 – May 30, 2024
Assignment I Due Date	November 30, 2023	April 28, 2024
Assignment II Due Date	December 30, 2023	May 19, 2024
Late Assignment Cutoff	January 1, 2024	June 1, 2024
Semester-End Exams	January 27, 2024 – January 30, 2024	June 3, 2024 – June 7, 2024

Restructuring the Multi-Disciplinary Curriculum Aligned with NEP 2020

In response to the National Education Policy (NEP) 2020, the university implemented a comprehensive restructuring of its undergraduate and postgraduate curricula. This design integrates University Core, Faculty Core, Major/Programme Core, Major/Programme Electives, and Open/Interdisciplinary Electives into a single academic framework.

The Flexible Credit System

Under the flexible credit system, students must complete a major area of study alongside a minor area of study (requiring approximately 24 academic credits in another discipline) to encourage multi-disciplinary learning. For example, the B.Tech. curriculum requires a total of 160 credits for graduation, comprising foundational basic sciences, humanities, engineering sciences, and core

practical sessions. A specialized track such as B.Tech. CSE (Artificial Intelligence and Machine Learning) w.e.f. the 2023–24 batch features a highly specialized University Core, which mandates courses like IT Productivity Tools (CSEN1001), Venture Development (VEDC1001), and sequential soft skills and reasoning programs.

Restructuring the Professional Core

This professional model extends to postgraduate and professional levels, such as the two-year MBA programs that feature preparatory bridge courses, core functional management classes, and professional competency development (PCD) credits.

The table below outlines the core components of the w.e.f. 2023–24 B.Tech. CSE (AIML) University Core, showing how the curriculum is structured to support early professional development.

University Core Curriculum w.e.f. 2023–24 (B.Tech. CSE - AIML)

Course Code	Course Title	Contact L-T-P-S -J	Credits Assigned	Assessment Category
CSEN1001	IT Productivity Tools	0-0-2-0-0	1	Pass / Fail Course
CLAD1001	Emotional Intelligence & Reasoning Skills (Soft Skills 1)	0-0-2-0-0	1	Pass / Fail Course
CLAD1011	Leadership Skills & Quantitative Aptitude (Soft Skills 2)	0-0-2-0-0	1	Pass / Fail Course
CLAD1021	Verbal Ability & Quantitative Ability (Soft Skills 3)	0-0-2-0-0	1	Pass / Fail Course

CLAD10 31	Practicing Verbal Ability & Quantitative Aptitude (Soft Skills 4)	0-0-2-0-0	1	Pass / Fail Course
DOSP10 XX	Sports	0-0-0-2-0	2	Pass / Fail (Opt any two with Club/Comm)
DOSL10 XX	Club Activity	0-0-0-2-0	2	Pass / Fail (Opt any two with Sports/Comm)
DOSL10 XX	Community Service	0-0-0-0-2	2	Pass / Fail (Opt any two with Sports/Club)
ENVS10 01	Environmental Studies	3-0-0-0-0	3	Pass / Fail (Online / Swayam / NPTEL)
FINA300 1	Personal Financial Planning	0-0-2-0-0	1	Pass / Fail Course
LANG10 12	Communication Skills in English – Intermediate	0-0-4-0-0	2	Graded Course
LANG10 22	Communication Skills in English – Advanced	0-0-4-0-0	2	Graded Course
MFST10 01	Health and Wellbeing	0-0-2-0-0	1	Pass / Fail Course
POLS10 01	Indian Constitution and History	2-0-0-0-0	2	Pass / Fail Course
PHPY10 01	Gandhi for the 21st Century	2-0-0-0-0	2	Pass / Fail Course
VEDC10 01	Venture Development	0-0-0-2-0	2	Graded Course

Grading Standards, Passing Thresholds, and Attendance Policies

The university enforces strict, performance-based grading systems and structured attendance guidelines to maintain high academic standards. Departmental autonomy results in subtle variations across different schools.

Grading System and Passing Criteria

For non-law postgraduate and undergraduate courses (including MCA and MA English), a 10-point credit-based grading scale is used. The passing standard for theory courses requires an aggregate score of 40% (combining Continuous Evaluation and Semester-End Examinations), with a mandatory minimum of 40% (24 out of 60 marks) in the Semester-End Examination itself. Practical courses, internships, and project evaluations are assessed continuously, requiring a minimum of 40% to pass.

Cumulative Performance Metrics

To determine academic standing, GPA and CGPA metrics are computed at the close of each grading cycle :

$$GPA = \frac{\sum C}{\sum (C \times G)}$$

In the above formula, C represents the number of credits assigned to a course, and G represents the grade points secured by the student in that course. Cumulative Grade Point Average (CGPA) is calculated using the same formula across all completed semesters. For professional law programs (BA LLB / BBA

LLB Hons.), the passing threshold is set at a higher 45% (grade point of 5.2), with an aggregate CGPA of 5.2 required to earn the degree.

Departmental Grading Scale Comparison

Final Letter Grade	Grade Points (Non-Law)	Grade Points (Law/Sessional)	Absolute Marks Threshold	Result Category
O (Outstanding)	10	10	90 and above	Pass
A+ (Excellent)	9	9	80 to 89	Pass
A (Very Good)	8	8	70 to 79	Pass
B+ (Good)	7	7	60 to 69	Pass
B (Above Average)	6	6	50 to 59	Pass
C (Average)	5	5.2	45 to 49	Pass
P (Pass)	4	—	40 to 44	Pass (Non-Law)
F (Fail)	0	0	Less than 40 (Non-Law) / < 45 (Law)	Fail
Ab (Absent)	0	0	—	Absent

Attendance Thresholds and Condonation Guidelines

Attendance is compiled systematically and monitored closely for sessional and final examinations. The attendance requirements vary depending on the school:

B.Tech. Computer Science & Engineering: Mandates a strict 85% attendance rate. Students with less than 85% attendance are barred from taking the end-semester examinations and must repeat the semester with the subsequent junior cohort.

B.Tech. Civil Engineering: Uses a baseline of 75% attendance. The Vice-Chancellor can condone shortages between 65% and 74% on genuine medical grounds upon payment of a prescribed fee.

School of Law: Uses a baseline of 75% attendance, with condonations capped strictly between 66% and 74%.

Ph.D. Coursework: Requires a strict 75% attendance rate per course to qualify for evaluations.

Remedial and Special Evaluations

To support academic progression, the university implements Repeat Continuous Evaluation (RCE) during summer vacations for students who receive an 'F' grade.

Students can register for a maximum of 4 courses per slot, and biometric attendance is recorded.

The maximum marks for any re-registered course under RCE or summer terms is capped at 50% of the original continuous evaluation marks or a maximum final grade of **B+**.

A student is permitted to enroll in Special Instruction Classes (RCE) only once per course.

Institutional Transportation Systems and Student Residence Policy

To support its off-campus operations, the university has established dedicated transport networks and student housing policies.

Campus Commuting and Sustainable Transport

Consistent with its environmental goals, the university discourages individual personal vehicles and instead provides an extensive transit network.

Hyderabad Campus Transport Network: Operates a coordinated fleet in partnership with the State Road Transport Corporation (TSRTC Non-AC Metro Express) alongside private AC bus vendors.

Service Logistics: The transit network serves over 81 distinct routes across the metropolitan region, with synchronized departures from starting

points at 06:10 AM to ensure arrival at campus by 07:50 AM. Buses depart campus in the evening at 04:10 PM.

Financial Tariffs: Bus fees are categorized by route and service type: AC bus routes range from Rs. 41,000 (Chandanagar/Gangaram) to Rs. 74,000 (Kothapet/LB Nagar) per academic year. Non-AC routes range from Rs. 21,600 (Sangareddy Bypass) to Rs. 70,000 (Vanasthalipuram/B N Reddy Nagar).

Residential Housing Operations

The resident management teams manage student housing operations under strict guidelines.

Safety and Surveillance: Hostels use biometric check-ins and 24/7 security surveillance to maintain a safe campus environment.

Logistics and Check-Ins: Residents must adhere to quiet hours and check-in times. Leaving the station requires submitting a written request to the residence manager at least two days in advance.

Maintenance and Care: Room changes are permitted only with prior approval from the resident operations manager. Standard wear-and-tear damages are reviewed periodically; unidentifiable building damages are shared across the resident block.

Case Study: Student Progress, Financial Operations, and Placement Readiness

An analysis of student academic progression shows a strong correlation between curriculum updates and industry readiness. By structuring technical and business programs around experiential learning, the university successfully transitions students from academic coursework to professional placements.

Academic and Professional Profile

This transition is illustrated by the career progression of Mohammed Tazeem Wajahat, an undergraduate student enrolled in the B.Tech. CSE (AIML) w.e.f. 2023–24 Hyderabad cohort (expected graduation May 2027, current CGPA 7.69/10).

Curriculum Application: Wajahat's academic projects—such as building counterfeit medicine quality verification pipelines with OpenCV/Tesseract

OCR and multilingual sentiment analysis using transformer-based models—directly map to the core competencies outlined in his curriculum.

Internship Search (Summer 2026): Wajahat's academic performance and project portfolio prepared him for a competitive search for summer internships.

Application Logistics: Following a server delivery failure with Hirebridg Connect on May 15, 2026, Wajahat applied to Cevi AI for an ML role on May 18, 2026. He also received an offer for a Web Development role from the InAmigos Foundation on May 22, 2026, which featured a commission-based stipend.

Remote Technical Placements: On May 27, 2026, Wajahat accepted a remote virtual AI & Data Science internship at Horizon TechX for June 2026. This program required completing at least 2-3 advanced tasks, including language translation tools, FAQ chatbots, and object detection systems.

Industrial Placements: On June 1, 2026, Wajahat secured a placement with Swecha's "Summer of AI Internship Program 2026," demonstrating the market value of his academic training.

Educational Financing Architecture

Wajahat's progress has been supported by structured financial planning systems. While the annual tuition fees for off-campus B.Tech. programs range from Rs. 2,70,000 for core engineering to Rs. 3,00,000 for computing specializations in Bengaluru, comparable programs in Hyderabad require an annual tuition fee of Rs. 3,29,200, before merit-based scholarships are applied.

For a student progressing through a B.Tech. CSE (AIML) stream in Hyderabad, the total fee for the 2025–26 academic year (covering Semesters 5 and 6) was documented at Rs. 3,82,000 under the loan agreements executed on July 31, 2025, with Ratnaafin Capital Private Limited and GrayQuest Education Finance. This financial structure features a net loan sanction amount of Rs. 3,70,540, following an upfront fee payment discount of Rs. 11,460 offered by the institution. This model shows how modern educational institutions partner with fintech student-financing platforms to offer monthly installment structures (e.g., Rs. 63,667 over six installments), helping families manage educational costs while students focus on high-impact academic progression.

These findings demonstrate that the university's combination of updated curricula, strict evaluation standards, and accessible financial structures successfully supports student progression and facilitates transitions into high-tech industrial roles.
