

GITAM CAREER GUIDANCE CENTRE (GCGC)
PLACEMENT POLICY 2024-25
GITAM SCHOOL OF TECHNOLOGY

Introduction:

GITAM provides Placement assistance to all the graduating students. The Placement process is organized by GITAM Career Guidance Centre (GCGC), through the Career Guidance Centres (CGC) of the respective campuses, which is in constant touch with the corporate/industry through various sources. It brings together the students and potential employers and facilitates their interactions. For this purpose, CGC corresponds with organizations, supports students' upskilling through training sessions, supports the recruiter and the students through the selection processes, and carries out coordination activities.

As a matter of policy, the academic work of the students will take precedence over placement activity, and in no case will it be subordinated to placement. The Institute facilitates the process for career development. **There is no obligation on the part of the school to find placement for any student.**

The Campus Placement responsibilities are undertaken by the Career Guidance Centres (CGC) at each of the campuses of GITAM. Multiple factors influence the Corporate for choosing a specific institution/campus for their Manpower requirement (recruitments), some of the notable being:

1. Need for manpower in the organization
2. The Disciplines offered at the Institution
3. Suitability of the profile of the students
4. Past experiences of the organization with the institution
 - a. Availability of the required profile at the institution
 - b. Student preparedness
 - c. Student discipline/behaviour
 - d. Acceptance of offers
 - e. Selected students' (Alumni) performance/behaviour in the organization
5. Market reputation of the students & the institution

Students should register their names for Placements, by submitting it as their career choice on the **CT3 platform (ct3.gitam.edu)**. Only those students who have registered their career choice as "Placements" are eligible to participate in the placement activities.

The placement policy, for the students choosing Placements as their career option, has been framed with the twin objectives of ensuring maximum benefit to the students and the recruiters and upholding the reputation of the institution and its students.

All students whose interest is to achieve their career dream, through campus placements, need to understand and adhere to the following guidelines framed by GITAM.

Choice of Career:

Students enrolled in Undergraduate or Postgraduate programs are encouraged to finalize and update their Career Choices on the CT3 platform (ct3.gitam.edu) at least by the pre-final year. Several career paths available are:

1. Deferred Placements
2. Placements
3. Higher Studies Abroad
4. Higher Studies India
5. Family Business
6. Entrepreneurship
7. Civil Services
8. Government Services
9. Others
10. Bank exams
11. Research
12. Defence Services
13. Not interested

Only students who select "Placements" will be invited to participate in Campus Recruitment Drives. Students choosing "Deferred Placements" will be allowed to convert their career choice to "Placements", if needed, in the second window of the placement cycle, which would be in January. **Please ensure your career choice is updated on the CT3 platform, as those who do not update their choice may not be included in the list for campus placements.**

Students who opt for **deferred placements** would be allowed for placements only at a later stage (2nd window) as decided by the CGC office. This is applicable for students with any other career choice, but need placements, if they do not achieve the aspired career (eg. Higher education institute or program of choice). The student needs to reach out CGC at any point, if they need to convert this into "Placements"

Furnishing Student Details:

Students interested in campus placements should update their personal, academic, and extra-curricular details on the CT3 platform, as this information is shared with recruiters. These details should be verified by the respective mentors.

Students are advised to ensure accuracy in the provided information. If incorrect data is found, the student may be stopped from participating in Placement related activities. It is the responsibility of the student to review her/his data on the CT3 platform and report any necessary corrections to the CGC team.

Declaration:

Students who wish to participate in Campus Recruitment Drives must sign a declaration agreeing to adhere to the Placement Policy. Non-adherence to the policy can result in the student being ineligible for participation in further Drives.

Campus Placement Policy:

(Subject to changes by CGC as and when deemed necessary)

All graduating students are eligible to receive placement assistance unless they have been otherwise restricted. **Students may participate in campus selections after signing the necessary declaration.**

Eligibility:

1. Active participation in all training and career development activities organized by GCGC, including training sessions, mock assessments, and mock interviews, is required, without an exception, a 100% attendance. In case of personal emergencies, students should seek prior permission from the Campus Director of CGC. The minimum attendance a student needs to maintain in these activities should not be less than 80%.
2. Students with backlogs are advised to clear them before participating in placements, as most of the companies do not entertain students with backlogs.
3. Eligibility criteria may vary with organization. For instance, if the required eligibility is 60%, only students with 60% or higher will be considered, with no rounding off (e.g., 59.99% will not be rounded to 60%).
4. Students facing disciplinary action, and those who exhibit general misconduct during the placement process, may be ineligible for placement assistance.
5. Students should maintain integrity throughout the recruitment process. Any malpractice may result in removal from placement opportunities.
6. Students who continuously absent themselves from the placement process after applying, more than three times, will not be allowed for further placements.
7. The CSE students should ensure they apply at least to 60% of the companies they are eligible for.
8. The core engineering should apply for every drive in the core area, and not less than 50% in the non-core areas

Short listing:

9. Applied students will be reviewed by CGC, and those not meeting the specified criteria will not be allowed to participate in the Drive.
10. In certain cases, the companies will shortlist the students from the applied list of students, without specifying any eligibility criteria.

11. Students may approach CGC for clarification if not shortlisted, though CGC can only attempt to obtain the reason from the company, with the final decision to disclose lying with the company.

Interviews:

12. There is no limit to the number of interviews a student can attend before receiving a job offer.
13. As the salary and the job profile are intimated in advance, students are advised not to negotiate salary or terms with the recruiter during interviews, unless explicitly stated that such negotiations are acceptable.
14. Some organizations may require students to travel for final interviews. Students are expected to arrange their travel unless the recruiter offers assistance.
15. Students who do not attend any of the selection processes three times (such as pre-placement talks, written tests, GDs, interviews, etc.) after applying will be considered to have withdrawn from the Final Placement process and will not be considered for further placements.

Job Offers:

16. Students may receive up to three job offers, provided
 - a. Subsequent offers are 1.5 times higher than the previously offered CTC.
 - b. The subsequent offer is in the student's core area of Discipline, and the previous offers are not.
17. A copy of the offer letter should be uploaded to CT3 or submitted to CGC.
18. If a company is unable to onboard a student after placement, the University is not responsible. CGC will make every effort in trying to receive the onboard dates. However, in the eventuality a company fails to onboard, CGC will assist the student in providing additional opportunities, as they arise, but will not be able to include them with the next batch.

General Rules:

19. The placement norms are designed to ensure equal and fair opportunities for all students. Students are expected to adhere to these rules. Breach of rules may result in appropriate actions by the CGC office.
20. **Students should not directly approach visiting executives/HR or contact organizations regarding job opportunities announced by CGC without prior permission from the Director CGC,** before, during or after the placement process. Doing so, may result in denial of further placement assistance.
21. GCGC reserves the right to modify any or all the above rules and/or implement additional norms for placement that it deems beneficial to students.
22. All updates will be shared with students via CT3/WhatsApp/GITAM email. It is the student's responsibility to regularly check these platforms for information.

Dress Code & Discipline:

23. Students are expected to wear formal attire and well groomed, as directed by CGC, when attending guest lectures, pre-placement talks, interviews, etc.
24. Maintaining discipline in terms of attendance, courteous behaviour, following guidelines, and preserving decorum during placement drives and related activities is essential. Failure to do so may result in a loss of career opportunities through the Campus.
