PREAMBLE

GITAM (Deemed to be University) focuses on providing a progressive and versatile learning environment for the students in their chosen programmes, thus contributing to the general wellbeing of society at large. Given the aspirations and multitalented capabilities of the present generation of students, a learner-centric approach is adopted at GITAM. The required essentials are identified, and the students are guided by teams skilled in various fields such as academics, sports, cultural activities, entrepreneurship, etc. The goal is to provide a holistic learning experience, enabling students to gain command and progress toward excellence in their chosen field and become socially responsible citizens. In this rapid digital evolution era, the role of a university is crucial to producing graduates with the required skills. Current-generation graduates need to collaborate with teams in a multidisciplinary environment to solve complex problems and possess communication, critical thinking, and technology skills. To produce graduates who will contribute once they leave the portals of the University, GITAM collaborates with several organizations, providing a platform for the students to acquire the necessary skills. GITAM updates its curriculum, mode of delivery, and assessment tools with the current practices from around the globe. This document provides an insight into the academic culture of the University, procedures, and regulations of the courses taught at GITAM. The regulation is designed to deliver memorable experiences to courses that are led by instruction. All students are expected to be familiar with the regulations given in this document and the subsequent revisions, which are released from time to time.

1. About GITAM

1.1. Introduction

Gandhi Institute of Technology and Management, popularly known as GITAM, was founded in 1980 by an inspired group of eminent intellectuals and industrialists of Andhra Pradesh led by Dr. M. V. V. S. Murthi, former Member of Parliament, and popular philanthropist. The vision of MAHATMA, the Father of the Nation, was to see India as a socially and economically resurgent country, and the MAHATMA looked upon education as an important means to achieve this goal. He envisaged universities as institutions of higher learning that transcend all linguistic, racial, and other barriers. GITAM is committed to imbibing MAHATMA's values and abiding by his philosophy.

1.2. Vision

GITAM will be an exceptional knowledge-driven institution advancing on a culture of honesty and compassion to make a difference to the world.

1.3. Mission

- Build a dynamic application-oriented education ecosystem immersed in holistic development.
- Nurture valuable futures with global perspectives for our students by helping them find their ikigai.
- Drive impactful integrated research programmes to generate new knowledge, guided by integrity, collaboration, and entrepreneurial spirit.
- Permeate a culture of kindness within GITAM, fostering passionate contributors.

1.4. Quality policy

To achieve global standards and excellence in teaching, research, and consultancy by creating an enabling environment in which the faculty and students share a passion for creating, sharing, and applying knowledge to continuously improve the quality of education.

2. Purpose & Scope of the Regulations

GITAM's Academic regulation provides a framework for the functioning of programmes of study in the University. The regulation includes procedures and practices that are to be followed to ensure academic standards in the University. The Academic Council (AC) approves the regulations of GITAM. This regulation may be amended with the approval of the Academic Council to meet evolving conditions. This regulation will come into effect from the Academic Batch 2023-24 for the undergraduate programmes in the schools of Business, Humanities and Social Sciences, and Sciences, except for B.Sc. (CSCS), B. Com and BCA. However, this regulation is applicable for B.Com and BCA programmes effective 2025-26 Admitted Batch onwards. GITAM, at its discretion, may introduce changes during a session where it is necessary because of the changed circumstances or mandated to do so by the statutory bodies. Communications regarding amendments to the regulation will be published on the University website and sent through the University e-mail system. For messages received from any other mode of communication, the student has to verify the authenticity by visiting the University website. Students must follow the amended regulation, as it might impact the process for the award of the degree.

2.1. Current and Official Version of Academic Regulations

The academic regulations provide a framework for the education delivered and administered by GITAM (Deemed to be University). The Board of Studies, acting through academic administration, is responsible for implementing the regulations. All registered students are subjected to the regulations and must agree and abide by the regulations as a condition of enrolment. The students registered at GITAM are subject to the University regulations and revisions thereupon until the award of their degree.

2.2. Updates to the Regulations.

Updates to the regulations are typically published at the start of the academic year and shall remain in force until a subsequent version is published. The current version of the academic regulations supersedes all previous academic regulations, and it shall remain in effect until any next revision following the aforementioned provisions. Current academic regulations of GITAM are identified with the highest version number and will be communicated to the students through the mail, official circular, and the website. The official version of the academic regulations is also uploaded to the GITAM website at <https://www.gitam.edu/academic-regulations>. The Directorate of Academic Affairs (DOAA) will maintain the official version of the academic regulations and update the information on the website. The DOAA shall maintain archives of all academic regulations.

3. Rights and Responsibilities

As a member of the GITAM family, students can expect to be a part of an engaging, challenging, creative, and innovative environment. A student is expected to be aware of all the rules and processes of the University. The students shall have certain rights and responsibilities, which are not limited to:

3.1. Student Rights

- The right to pursue education in a secure environment by not being subjected to harassment and discrimination.
- Access to high-quality academic and infrastructure resources.
- Access to activities beyond the classroom that support holistic development, including intellectual and personal.
- The right to freedom of expression and association with other organizations, while not interfering with the rights of others.
- Access to mental wellness service programs.
- Right to access student bodies/clubs based on the policies and guidelines in place from time to time
- Expect timely and polite responses from the University's academic and administrative departments.

3.2. Student Responsibilities

- Respect and act consistently with the values, rules, and regulations of the University.
- Obey government rules and regulations.
- Carry oneself in a manner that contributes to an atmosphere of learning and free expression.
- To become familiar with course outlines, content, evaluation methods, timelines, and procedures.
Resolve academic and personal problems by communicating with personnel from Academic Affairs and Student Life.

- Keep the University authorities informed of any changes in personal status and contact information, including guardians/ parents.
- Strictly adhere to all health and safety procedures outlined for classrooms, laboratories, field trips, sports, and cultural activities.
- Be acquainted with the academic regulations and keep abreast of the updates in the regulations.
- Familiarity with published information that will allow the selection, by due deadlines, of the appropriate paths of academic study.

4. Admission

The admission policy and procedure align with the requirements of the University Grants Commission (UGC) guidelines, AICTE, and the Ministry of Education (MoE), Government of India. The number of seats in each degree programme is determined by the approval process from the regulatory body concerned. To be eligible for admission into undergraduate programmes at GITAM, the applicant must fulfill the prescribed eligibility criteria and satisfy the requirements specified by GITAM admission regulations and guidelines of statutory bodies. Admission is based on merit, which includes the performance in the GITAM Admission Test (GAT) conducted by the University / specified state or national level entrance examinations, and others, as specified in the admission policy. University does not discriminate based on gender, race, religion, disability, or nationality. GITAM reserves the right to admit any candidate based on the criteria specified in the [Admission Policy](#). Admissions are also available for Non-Resident Indians and foreign citizens who meet the GITAM admissions eligibility criteria.

The counseling schedule will be announced in the media, and the selected candidates will be admitted into the programme of their choice based on the availability of seats.

4.1. Student Classification

4.1.1. Regular admission

Admission is considered regular if a student of Indian nationality is admitted in the programme's first semester through the GITAM admission test or through any national-level entrance examination as approved by the Directorate of Admissions. For a GITAM degree to be awarded, the student must complete the terminal year in GITAM, unless the student has proceeded on any one of the international academic collaboration programme approved by GITAM.

4.1.2. Multiple Entry

Multiple entry is permissible under the following circumstances subject to the availability of seats.

- Students already pursuing an undergraduate programme in a recognized Higher Education Institute (HEI) could be admitted into GITAM without appearing for the entrance exam to continue their studies. In this case, the student shall furnish the transcripts or grade cards, syllabus copies, educational certificates, and other relevant documents while applying for admission.
- However, a minimum of 50% of the credits for the programme must be completed in GITAM to earn the degree from GITAM. The Board of Studies (BoS), which manages the programme, shall establish equivalency based on the marks/credits obtained in the courses in the previous HEI. Regarding the courses in GITAM for which an equivalence could not be found, the candidate must earn the credits by registering for the courses at GITAM by paying the prescribed fees.
- Any student who is admitted into GITAM and continuing a programme can avail themselves of a break and reenter the programme and continue to finish subject to meeting the stipulated maximum duration of the programme.

4.1.3. Establishment of Equivalency

- The courses studied by the candidates elsewhere for which equivalency is established should carry either the same or more credits than the corresponding courses offered at GITAM.
- If the credits allotted for a course studied by the candidates elsewhere are less than the allotted credits of the corresponding courses in GITAM, the candidates will be required to repeat such courses, and secure at least a passing grade in GITAM after admission.
- Notification of the equivalency issued by the Registrar shall contain:
 - The courses for which equivalency is established.
 - The courses prescribed to study in GITAM.
- Candidates shall be issued semester Grade cards for the prescribed courses only. Provisional Certificate cum Memorandum of Grades (PCMG) shall include the grades obtained by the candidate in the courses studied at GITAM.

4.1.4. Flexibility to move from one discipline of study to another

- Change of Major
 - At the end of the first semester, a student may either continue with the current major or apply for a change of major.
 - A change of major may also be permitted after the completion of the second semester; however, such a change may extend the overall duration of the programme, as the student must satisfy the requirements of the new curriculum.
- Change of Minor
 - From the second semester onwards, a student may confirm the chosen set of minor courses.
 - A change of minor is permitted at the end of the second semester, subject to fulfilment of the revised credit and course requirements. Such a change may also result in an extension of the programme duration.
- Modes of Learning
 - A student may opt for alternative modes of learning, including offline, Open and Distance Learning (ODL), online, or hybrid models.
 - Notwithstanding the above, a minimum of 50% of the total programme credits must be earned at GITAM in order to be eligible for the award of the degree.

4.2. Admission Eligibility Criteria

The eligibility criteria for various programmes under different schools can be referred [here](#).

4.3. International Students

To increase the diversity of the student population, GITAM admits students under Foreign Nationals (FN)/ Overseas Citizen of India (OCI) / Children of Indian Workers in Gulf Countries and Southeast Asia (CIWGC-SEA) and NRI category as follows.

- Five (5) % of seats within the "Approved Intake" for each programme is allowed for admission under NRI category.

- 15 % of Supernumerary Seats over and above the "Approved Intake" for each programme is allowed for admission under FN / OCI / CIWGC-SEA category. 1/3rd of these 15 % seats shall be reserved for CIWGC-SEA category

GITAM admits Indian and International students with the qualifications recognized by the Association of Indian Universities (AIU), New Delhi.

4.3.1. Eligibility criteria

- The medium of instruction in GITAM is English. Aspiring students are expected to be proficient in English. One of the qualifying examination subjects must be English for admission to the programmes at GITAM.
- For Undergraduate programmes, the students are expected to have completed twelve (12) years of study, similar to the Indian school education system.
- They must present a certificate of permission from the school and certification from the Association of Indian Universities (AIU) / UGC.
- If a student is not proficient in English as deemed by the University's tests, they will be required to take supplementary courses to improve their English proficiency.
- International students will be admitted based on the eligibility criteria set for Indian residents by GITAM, except in programmes administered by professional councils. Exceptions to the admission criteria will require approval from the individual Board of Studies (BOS).

4.3.2. Categories of International Students

- NRI: The candidate who is an Indian Citizen who is ordinarily residing outside India and holds an Indian Passport.
- Foreign National: The candidate who is the Citizen of the Countries other than India who are not of Indian origin as defined under OCI.
- OCI: The candidate who is a Foreign national, who was eligible to become Citizen of India on 26.01.1950 or was a Citizen of India on or at any-time after 26.01.1950 or belonged to a territory that became part of India after 15.08.1947. Minor children of such people are also eligible for OCI. However, if the Applicant had ever been a Citizen of Pakistan or Bangladesh, he/ she will not be eligible for OCI.
- CIWGC-SEA: The candidate whose parents are working in Gulf countries or Southeast Asia are eligible under this category.

4.3.3. Selection Criteria

- The admission is based on Test Scores such as SAT or IND SAT(UG) for admission to undergraduate programmes.
- If test scores are unavailable, admission to the programme is based on previous academic grades and Interviews.

4.4. Scholarship policy

GITAM offers scholarships/financial assistance to candidates based on the marks/ranks obtained in GAT and other common entrance tests conducted at the state and national levels for admission into undergraduate programmes. The current scholarship details can be referred [here](#)

4.4.1. Scholarship regulations

Scholarships are awarded to prospective students to recognize their achievements in Academics, Sports, Culture, and diversity criteria as per the University's [scholarship policy](#). The University adjusts the scholarship amount towards the tuition fee. The University scholarship committee reserves the right to modify the policies from time to time.

5. Academic System

5.1. Academic Structure

The academic structure of GITAM Deemed to be University is governed by the Academic Council. It is chaired by the Vice-Chancellor and comprises members from the Faculty, external members and special invitees. The Academic Council oversees the University's academic activity, i.e., teaching, learning, evaluation, etc. The academic organization of GITAM consists of the following schools.

1. GITAM School of Architecture
2. GITAM School of Business
3. GITAM School of Computer Science and Engineering
4. GITAM School of Core Engineering
5. GITAM School of Humanities and Social Sciences
6. GITAM School of Law
7. GITAM School of Allied and Healthcare Professions
8. GITAM School of Pharmacy
9. GITAM School of Physiotherapy
10. GITAM School of Science
11. GITAM Institute of Nursing
12. Kautilya School of Public Policy
13. GITAM Institute of Medical Sciences and Research

The schools mentioned above are located across the four campuses at Visakhapatnam, Hyderabad, and Bengaluru. The academic administrators of those schools are responsible for introducing new programmes, curriculum development, curriculum revision, etc. The School's/Institute's prime responsibilities are monitoring the department's academic progress, preparing general guidelines in the teaching and learning process, monitoring the faculty performance, student discipline on campus, coordinating interdepartmental activities, etc. The Departments/Schools/Institutes offer the programmes and provide the instructions required to run those programmes. Some schools/Institutes are situated at only one campus with a limited number of programmes, and students may not be divided into departments. In such cases, the School/Institute is responsible for framing the rules and regulations right from introducing a programme, curriculum development, teaching and learning process, providing instructions to conduct the programmes, and leading to degrees and certificates.

5.2. Semester System

A semester is an academic term. Two consecutive terms starting with the odd semester (I, III, V, VII, etc.) followed by the Even semester (II, IV, VI, VIII, etc.) constitute one academic year. The odd semester typically commences in July and ends in mid-November. Even semesters begin at the end of November or early December and end in April, followed by the summer break. Deviations in commencement and closure due to holidays, closures required by regulatory bodies/ Government, natural calamities, including pandemic situations, and other reasons will be notified by the Registrar to the student's email. They will also be available on the website.

The student must register for the courses in each semester subject to the fulfilment of pre-requisites. The maximum number of credits that a student can register for in a particular semester is twenty-five (25). The minimum number is sixteen (16), except in the final semester if the student fulfils the requirements for graduation with less than sixteen (16) credits. Also, the students who are on academic probation will only be allowed for 16 credits. Course syllabi will be made available in advance on the website. The Course Plan and Assessment Methods will be communicated on the first day of instruction and will also be available on the Learning Management System (LMS). Classwork will be conducted as per the Course Plan and scheduled during the timeframe of the semester. The course learning assessments shall be conducted as detailed in the Evaluation policy. The University will communicate the grades obtained through the student information system. These grades will also be available on the National Academic Depository (NAD) and can be viewed [here](#).

Summer Term will generally be conducted for a period of Eight (08) weeks, to enable the students:

- To fulfill their graduation requirements.
- To accelerate the learning process and complete coursework at a faster pace thereby enabling the students to seek out opportunities for experiential learning.

The maximum number of credits a student can register during the summer term shall be notified before the beginning of the term.

5.3. School Level Advisory Committee

The Dean of the School chairs the School Level Advisory Committee, consisting of all HOIs and the HODs of the School as Ex-Officio Members. The term for the members of the SLAC is for two years or until further notice, whichever is earlier. Nominees from Teachers, Students, Alumni, Parents, Employers, Industry, and Funding Agencies form part of the members of the committee, and one of the HOD nominated by the Dean / HOI will act as Member-Convener. The objectives of the SLAC are to scrutinize the School's Vision, Mission, Programme Educational Objectives (PEOs) & Programme Outcomes (POs) of all the Programmes offered, Teaching, Learning & Evaluation (T-L-E) process, Student Support System, Extension Activities, etc., and offer suggestions for improvement.

5.3.1. Responsibilities of the School Level Advisory Committee

The SLAC meetings shall be conducted at least once in every Quarter of the academic year or two meetings per Semester and the minutes of the SLAC meeting shall be submitted to the IQAC / DOAA.

5.4. Programme Head

The programme Head will be nominated by the Dean /HOI of the School for each programme

offered in a school at every campus. If a programme is offered in more than one campus, one among the nominees, in rotation, shall be selected as programme Head and the others shall act as programme Co-Head.

5.5. School Committee

The Dean of the School chairs the School Committee, consisting of all HOIs and the HODs of the School.

5.5.1. Responsibilities of the School Committee

The School Committee meets once a month to review the progress of teaching and learning. The minutes of the SCOM meeting shall be submitted to the IQAC.

5.6. Programme Committee

Programme committees are constituted by the HOD/HOI for each programme, with the faculty members teaching the courses and a programme head/co-head of the core department as the Chairperson. The PCOM will be specific for each of the campuses. PCOM shall meet periodically to ensure the quality of teaching and learning during the semester.

5.6.1. Responsibilities of the Programme Committee

PCOM shall meet at least three times in a semester with a specific agenda (not limited to) as follows:

Meet Number	Timeline	Agenda
1	Two (2) weeks after the commencement of the semester	Course Plan and review of the course committee meeting minutes
2	One (1) week after the sessional I feedback	Progress of classwork, Attendance Monitoring, Feedback, identification of slow learners and review of course committee meeting minutes
3	One (1) week before the closure of the semester	Progress of classwork, examination schedule, review of course committee meeting minutes, review of action taken on slow learners and suggestions for revision of curriculum and syllabus

The Chairperson shall submit the minutes of the meetings to the HoI / HoD.

5.7. Course Committee

The HODs shall constitute a course committee for every course of the programme to monitor the conduct of class work. Committee members include:

- Senior Faculty of the Department – Course Coordinator
- Course Instructors from all campuses
- Student representatives

The course coordinator shall act as course champion if the course is offered on one campus; otherwise, one among the campus course coordinators shall be nominated as course champion by the Dean of the school, on a rotation basis.

5.7.1. Responsibilities of Course Committee

CCOM shall meet at least twice a month during the semester with a specific agenda (not limited to) for each meeting as given below:

Meet Number	Timeline	Agenda
1	One (1) week after commencement of the semester	Course Plan and evaluation pattern
2	Every fortnight after the commencement of the semester	Progress of class work, Feedback, Course content on LMS, Syllabus coverage, development of question banks, use of MOOCs, identification of slow learners and suggestions for improving course delivery
3	Two (2) weeks before the closure of the semester	Progress of class work, examination schedule, review of action taken on slow learners and suggestions for revision of syllabus

The Chairperson shall submit the minutes of the meetings to the PCOM chairperson.

5.8. Curriculum

The programme curriculum is prepared with inputs from industry, society and trends forecasted by various agencies and in alignment with the respective regulating and approving agency requirements that govern a programme. The attainment of Programme Outcomes is measured to ensure that the said Programme Educational Objectives are met.

The curriculum includes the following programme specifications and course specifications.

5.8.1. Programme Specifications

- Programme Code and Programme Title
- Regulations
- Vision and Mission Statements of the School / Department
- Minimum duration of the Programme
- Programme Educational Objectives (PEOs)
- Programme Outcomes (POs) & Programme Specific Outcomes (PSOs)
- Mapping of the School mission statements with the Programme Educational Objectives
- Curriculum/Programme Structure with various categories of courses and credits
- Programme articulation matrix

5.8.2. Course Specifications

- Course code & Course Title
- Credits
- Nature of teaching-learning process (LTPSJC)
- Course Educational Objectives (CEOs)
- Number of contact hours
- Course Outcomes (COs)

- Module-wise syllabus & list of experiments if the course includes practical components
- List of text and reference books
- Course articulation matrix
- BoS & AC approval dates of the course
- Mapping of the course with relevant Sustainable Development Goals (SDGs)

5.8.3. Curriculum preparation

- The faculty members at the School / Department level shall initiate discussions on the Programmes to be offered for the ensuing Academic Year based on the stakeholder feedback & market trend analysis and in alignment with the regulations of the approving agencies. The Programme chair shall prepare the programme structure by consolidating the suggestions.
- Based on the recommendations of the School Level Advisory Committee (SLAC) on Programme Educational Objectives and Programme Outcomes for a specific programme, the structure along with course syllabi shall be prepared for the programme.
- The proposed curriculum structure and syllabi shall be presented to the Board of Studies (BoS) and then to the Academic Council (AC) for approval.
- Based on the suggestions from the Academic Council, additions and deletions to the programme specification and course specification shall be incorporated into the curriculum structure and syllabi.
- The Dean of the School will be the Chairperson, BoS. A faculty member nominated by the Dean of the school shall act as Co-Chair, BoS. The DoAA publishes the official version of the [Curriculum](#).

6. Programmes offered at GITAM

The undergraduate programmes are offered in the Schools of Business, Humanities and Social Sciences and Science.

6.1. Programme Code

Unique programme codes shall be allotted to each programme on approval of the same in the Academic Council. Programme codes are alphanumeric with the first five characters as alphabets followed by two digits. The first alphabet represents the type of programme (Undergraduate/Postgraduate/Research), followed by four alphabets that represent the Department/Institute offering the programme. The last two digits represent the serial number of the programme.

6.2. Duration of the programme

The Undergraduate programme is for a duration of four (4) years except B.Com, with multiple entry and exit and re-entry options at the end of every academic year, subject to meeting the minimum credit requirement, with appropriate certifications such as:

- Bachelor's degree after a 3-year (6 semesters) programme of study, including B.Com programme.
- 4-year Bachelor's degree (honours) after eight semesters programme of study / 4-year Bachelor's degree (honours with research), if a student completes a rigorous research project in their major area(s) of study in the 4th year of the Bachelor's degree.

The 4-year Bachelor's degree programme shall be a preferred option since it would provide the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choice of the student. Students who exit after one/two/three

years of study are permitted to re-enter within three years and complete the programme. Students may be permitted to take a break from the study during the period of study but the total duration for completing the programme shall not exceed 7 years. The maximum duration permitted for B.Com programme is N+2 years, where 'N' represents the minimum duration of 3 years.

However, for a re-entry student, to earn a bachelor's degree from GITAM, the student should earn at least 50% of the required credits from GITAM, including meeting the category-specific credit requirements as specified in the curriculum structure of the programme.

7. Structure of the Programme

The programme structure consists of various categories of courses incorporated into the curriculum to impart the required levels of knowledge, skills, and attitude. On completion of the programme, the student is expected to attain the programme outcomes as specified by the relevant professional bodies.

7.1. Courses and credits

The workload relating to a course is measured in terms of credit hours. A credit determines the number of hours of instruction/contact required per week over a semester. Each course may have only a lecture component or a lecture and tutorial component or a lecture and practicum component or a lecture, tutorial, and practicum component, or only a practicum component. The LTPSJC for each course represents Lecture (L), Tutorial (T), Practical (P), Skill development (S), Project work/ Internship (J), and the total instructional delivery is indicated in hours, and the credits (C) indicate the effort.

A three-credit lecture course in a semester means three one-hour lectures per week, with each one-hour lecture counted as one credit. In a 15-week semester, a three-credit lecture course is equivalent to 45 hours of teaching.

One credit for tutorial work means one hour of engagement per week. In a 15-week semester, a one-credit tutorial in a course is equivalent to 15 hours of engagement. A one-credit course in practicum or lab work, community engagement and services, and fieldwork in a semester means two hours of engagement per week. In a 15-week semester, a one-credit practicum in a course is equivalent to 30 hours of engagement.

A one-credit Seminar or Internship or Studio activities, or Field practice/projects, or Community engagement and service means a minimum of two hours of engagement per week. Accordingly, in a 15-week semester, one credit in these courses is equivalent to a minimum of 30 hours of engagement. A course can have a combination of lecture credits, tutorial credits, and practicum credits.

7.2. Course classification

Courses are classified as Multidisciplinary core / elective, University core, Major core/ Programme Core / Core Course, Major Elective / Programme Elective, Minor, Honour Specialization, and Minor Enhancement Courses.

7.2.1. Multidisciplinary Core (MDC) / Multidisciplinary Elective (MDE)

These are basic/introductory courses in the fields of Business, Humanities & Social Sciences, and Science, and are mandatory.

7.2.2. University Core (UC)

There are two types of courses under this University Core category. One type consists of letter grade credit courses used in the GPA calculations. The other type consists of mandatory Pass/ Fail courses, which do not form part of the GPA calculation.

Courses listed under university core are common to all undergraduate level programmes offered by GITAM in the Schools of Business, Humanities & Social Sciences, and Science, except for B.Com., BCA. However, B.Com. and BCA programmes will have different sets of UC Courses. The UC courses are further identified as Ability Enhancement Courses, Skill Enhancement Courses, and Value-Added Courses, thereby enabling the student to develop into a holistic individual for better employability. A variety of courses are offered in baskets to enable the student to choose as per his/her interest and requirements in certain categories.

The students must earn the specified number of credits under the UC category of courses. A student can opt for the University core courses in any semester of their study at GITAM. The current list of courses is given in Annexure-IA, IB & IC

7.2.3. Major Core (MC) / Programme Core (PC) / Core Course (CC)

Major Core / Programme Core / Core Courses are mandatory credit-bearing courses that a student must successfully complete to fulfill the requirements of the programme. The courses and their content shall be aligned with the programme outcomes specified by the relevant professional bodies. Completion of all the courses under this category is compulsory for the award of the degree.

7.2.4. Major Electives

Major elective courses are offered by the parent Department/School/Institute to broaden and deepen the learning within the discipline. These electives provide flexibility and allow students to explore advanced or specialized topics related to their programme. The minimum number of electives required, as specified in the programme structure, must be completed for the award of the degree in the major discipline.

7.2.5. Minor courses

A minor discipline consists of a structured set of courses carrying stipulated credits, to be pursued in addition to the major discipline. Minor courses are mandatory selections from the list of approved minor disciplines provided in Annexure-II. Students planning for an exit at the end of the third year must complete 24 credits in the minor discipline, whereas students continuing in the four-year undergraduate programme are required to complete 32 credits in the minor discipline.

7.2.6. Honors Specialization courses

Honors Specialization Courses are advanced courses in the major discipline that a student must complete to qualify for a four-year Honors degree or an Honors with Research degree. For the Honors degree, a student is required to earn a minimum of 32 credits through these courses, whereas for the Honors with Research degree, the student must earn 20 credits in Honors Specialization Courses along with an additional 12 credits through a Research Project/Dissertation. These courses, offered at Level 400, are designed to provide in-depth knowledge and specialization in the chosen discipline.

7.2.7. Minor Enhancement Courses

Minor Enhancement Courses are additional requirements that students must complete, in addition to the prescribed Honors Specialization courses, to be eligible for a four-year Honors degree or an Honors with Research degree with a minor. To qualify for the degree with a minor, students are required to earn a minimum of 8 credits from their chosen minor discipline during the VII and VIII semesters. These credits must be obtained from courses at Level 300 or above, thereby ensuring advanced learning in the minor discipline.

7.2.8. Internship

For the completion of an internship, students are required to engage in a professional activity, work experience, or cooperative education activity with an external entity, normally under the supervision of a designated expert from that organization. The internship is currently of eight weeks' duration, undertaken during the summer vacation at the end of the second year.

A key objective of the internship is to induct students into real-world work environments, enabling them to apply their learning in practical contexts. Students may undertake internships with local industries, government or private organizations, business enterprises, artists, crafts persons, or similar entities, thereby gaining meaningful on-site experiential learning opportunities.

7.2.9. Research Project

Students enrolled in the four-year Honors with Research programme are required to undertake a Research Project or Dissertation under the guidance of a faculty member of the University. The Research Project/Dissertation shall be carried out in the student's major discipline and shall carry 12 credits.

7.3. MOOCs

Students are permitted the flexibility to pursue courses offered through Massive Open Online Courses (MOOCs) during their programme of study. Undergraduate students may register for MOOCs on SWAYAM and transfer credits up to a maximum of 40% of the total credits of the programme, in lieu of University Core (UC) and Elective courses. Programme Core courses cannot be substituted with MOOCs unless explicitly approved by the Board of Studies (BoS) of the department/school. Students intending to transfer credits through MOOCs must obtain prior approval from the BoS.

Additionally, courses offered through other MOOC platforms may also be recommended by the Directorate of Academic Affairs (DoAA), subject to prior approval of the concerned BoS.

7.3.1. Establishment of equivalency and credit transfer

Upon successful completion of approved courses through SWAYAM, students shall be awarded an equivalent Grade/Score based on the performance in the online evaluation conducted by the platform or through an assessment administered by the University. The respective Board of Studies (BoS) shall recommend equivalent grades and credits in accordance with the University's policy.

7.4. Flexible Credit System

The Flexible Credit System (FCS) is designed to make education student-centric, offering learners the freedom to choose courses from a range of core, elective, and skill-enhancement options. It enables students to pursue additional courses to earn extra credits, progress at their own pace, and adopt an interdisciplinary approach to learning. Each programme of study specifies a required number of credits,

with individual courses carrying credit points based on assigned hours of lectures, tutorials, and practical's. The curriculum also includes certain non-credit courses, in which securing a passing grade is mandatory. Upon successful completion of a course, students are awarded the prescribed credits, and once the minimum programme credit requirement is fulfilled—along with other stipulated conditions—the degree shall be conferred.

7.5. Minimum number of credits

All programmes of study are defined in terms of their prescribed credit requirements. Each course within a programme carries a specified number of credits, which are awarded to the student upon its successful completion. The award of a degree requires not only the accumulation of the minimum number of credits but also the fulfilment of all other conditions specified in the curriculum. Mere accumulation of credits shall not by itself entitle a student to the degree. Every programme follows a defined structure that incorporates various components, including Multidisciplinary Core (MDC), University Core (UC), Major Core (MC), Major Electives (ME), Minor (Mi), Honors Specialization, and Minor Enhancement Courses, along with Project Work, Internship, Seminar, and other academic activities, each carrying due credit weightage. Even if the minimum credit requirement is attained, failure to meet the prescribed programme structure or other mandatory requirements shall render the student ineligible for the award of the degree. In addition, each programme specifies a minimum GPA requirement (currently 5.0) that must be achieved for the conferment of the degree.

The programme credit structure for all the applicable undergraduate programmes can be referred here.

The credit structure for the BA, BBA, and BSc programmes except for BSc (CSCS) programmes is

S.No.	Course Category and Category Code		Minimum Credit Requirement		
			3Year Undergraduate	4 Year Undergraduate (Honours)	4 Year Undergraduate (Hons. with research)
1	Multidisciplinary Core Courses	MDC	12	12	12
2	Major Core & Major Electives	MC & ME	60	92	80
3	Minor	MI	24	32	32
4	Internship	INT	04	04	04
5	Ability Enhancement Courses – University Core	UC	10	10	10
6	Skill Enhancement Courses – University Core	UC	08	08	08
7	Value Added Courses – University Core	UC	04	04	04
8	Research Project / Dissertation	PROJ	--	--	12
	Total		122	162	162

The credit structure for the BCA programme is

S.No.	Course Category and Category Code		Minimum Credit Requirement		
			3 Year Undergraduate	4 Year Undergraduate (Honours)	4 Year Undergraduate (Hons. with research)
1	Multidisciplinary Electives	MDC	02	02	02
2	Programme Core	PC	46	54	54
3	Programme Elective	PE	31	51	39
4	Internship	INT	02	06	06
5	Ability Enhancement Courses – University Core	UC	08	08	08
6	Skill Enhancement Courses – University Core	UC	27	27	27
7	Value Added Courses – University Core	UC	04	04	04
8	Research Project / Dissertation	PROJ	-	08	20
	Total		120	160	160

The credit structure for the B.Com programme is

S.No.	Course Category and Category Code		Minimum Credit Requirement for the 3 Year Undergraduate
1	Multidisciplinary Core Courses	MDC	09
2	Programme Core	PC	80
3	Internship	INT	04
4	Ability Enhancement Courses – University Core	UC	04
5	Skill Enhancement Courses – University Core	UC	16
6	Value Added Courses – University Core	UC	07
	Total		120

7.6. Course Plan and Syllabus

Course plans are devised by the instructors based on the approved syllabus of the course. If more than one Instructor handles the same course, course plans are typically finalised after a discussion among all the course instructors. The instructor will provide the following information in the course plan.

1. Course title, code, and complete syllabus
2. Course identification and classification
3. Instructor identification and contact details
4. Course educational objectives and course outcomes

5. Required materials (textbooks, references, lab manuals, website information, videos etc.)
6. Course schedule (timetable)
7. Course calendar (Assignment due dates, class test dates, quizzes etc.)
8. Guidelines for class participation and attendance requirements
9. Evaluation procedures

The instructor will distribute the course plan to the students during the first week of the scheduled commencement of the course using the LMS (Learning Management System) adopted by the University.

7.7. Course Code Scheme

The course code is unique for every course, and it helps the students to identify which department/School/Institute offers the course. Some of the courses, viz., NCC, NSS, Yoga, etc., are offered by University Level Directorates.

The course code scheme up to 2023 -24 AY consists of four (4) alphabets and four (4) digits. The first four (4) alphabets represent the Department/School/Directorate, which offers the course. The first digit represents the "Level of course" followed by the last three digits representing the "Course Number".

From 2024-25 AY, onwards the course code is a ten-character alphanumeric code. The first two digits representing the last two digits of the beginning of the AY in which the course is introduced followed by four (4) upper-case alphabets representing the Department/School/Directorate, which offers the course. In the concluding four (4) digits, the first digit represents the "Level of course" followed by the last three digits representing the "Course Number".

8. Academic Calendar and Registration

8.1. Academic Calendar

The academic calendar serves as a comprehensive guide for students and faculty members, detailing important dates and events throughout the academic year. Flexibility is acknowledged, and any changes are communicated through authorized channels and updated on the institution's [website](#). It includes critical dates for various activities throughout the academic year. This encompasses the commencement and closure of classwork, summer internship, summer vacation, examination schedule, state and national holidays, semester break, and course registration. The academic calendar is typically available at least two weeks before the start of every academic year. The Registrar is responsible for communicating the academic calendar to Departments/Institutes/Schools, and it is made accessible on the institution's [website](#). Dates and schedules in the academic calendar may be subject to change, specifically in certain programmes, due to regulatory and local requirements. In cases where changes are necessary, the course instructor or academic head of the programme, with prior authorization, will communicate these changes to the students. Any revision will be updated on the institution's website to ensure that students have access to the most current information.

8.2. Academic advice

The university has established a structured academic advisory system and utilizes the Student Information System to guide students through course selection, registration, and monitoring progress, to facilitate timely degree conferment. New undergraduate students participate in an orientation programme before the first semester begins. Each student is assigned an academic adviser, a Mentor. Before registration, students are required to consult their advisers for guidance in course selection and schedule approval. Mentors provide recommended progress maps for each programme, offering information on the schedule of core courses. This helps students plan their academic journey. However, the students have the responsibility to make final choices when scheduling classes. This includes any adjustments during the add-and-drop period. The university utilizes the GITAM Student Information System (G-SIS), which students must use to ensure they meet programme requirements. The G-SIS is crucial for tracking progress towards degree completion within the specified timeframe. Students, during the registration process, acknowledge the information available on the G-SIS. This signifies their understanding and agreement with the course selections and programme requirements. Information from the G-SIS is shared with the school and the programme owner to monitor each student's academic progress. This helps ensure students are on track to meet degree requirements.

8.3. Pre-requisites

Courses may have pre-requisites as specified in the respective programme curriculum. A prerequisite is a course that the student is expected to have completed before enrolling for a specific course; failing which, the student will not be permitted to register for the course. In certain exceptional cases, the prerequisite may be waived if the student has alternate exposure; this will require permission from the faculty teaching the course. A minimum grade may be expected from the prerequisite courses in specific courses, such as programme electives, which the faculty teaching the course may decide.

8.4. Minimum and Maximum load

The academic load in a semester has to be a minimum of 16 and a maximum of 25 credit hours, including re-registered credits. Students who are on academic probation will only be allowed to register for 16 credits. If the student has fulfilled all the programme requirements by the final semester, the student may be permitted to register for less than 16 credits. The maximum number of credits a student can register for during the summer term shall be notified before the beginning of the summer term.

8.5. Registration

Every student must register for the courses chosen in a particular semester during the official course registration period notified by the Directorate of Academic Affairs. To be eligible to register for courses, a student must belong to any of the following categories

- A new student who applies for admission and receives a provisional admission offer letter
- A continuing student from the preceding regular semester who has no financial dues
- A former student, i.e., who has not enrolled in the preceding regular semester or who has availed academic break or is detained and possesses a required rejoining notification

8.6. Adding and dropping of courses

The students who have registered for the courses during the registration period can add or drop the courses through the registration portal. The add/drop period will commence after the completion of the registration period in the University and will continue till five (5) working days after the commencement of the semester. Students making changes during the add/ drop period should comply with the minimum and maximum credit requirements for the enrolled programme. Attendance will be calculated from the commencement date of the semester. There will be no compensation for attendance or subject matter delivery for the missed classes. The students are expected to use the LMS and ensure that the loss of Teaching-Learning is minimized.

8.7. Late Registration

Students have to register for classes through the registration portal during the registration period. If the students do not register before the commencement of the semester, they shall approach the office of DoAA with the request to enable the registration within two weeks of commencement of class work, subject to clearing all fee dues, if any. Requests to enable registration after the initial two-week period, up to the cut-off date as determined by the DoAA, following the regulations, must be submitted to the office of DoAA through the respective HOD / HOI / Dean of the relevant school. Beyond the cutoff dates, the student will be advised to take a break (semester/year) from study. A student who does not register for a semester or more will need to apply for readmission to continue the programme.

8.8. Withdrawal from a course

Students are allowed to withdraw from a course within twenty (20) working days of the commencement of the semester, subject to maintaining a minimum of 16 credits in a semester (except the final semester). This withdrawn course cannot be substituted with another course in the same semester, and the student must pay extra fees to register for a compensatory course to fulfill their programme requirements.

8.9. Withdrawal from the Semester

A student who wishes to withdraw from the semester can do so by applying through proper channel. Exemption/refund of the tuition fee will be considered for the respective semester if the student withdraws before the commencement of the classes. No refunds/ partial refunds are given after the commencement of classes for the semester. A student who withdraws from the semester has to apply for rejoining and pay the rejoining fees to continue in the programme.

9. Grades and grading system

GITAM follows the mixed mode of evaluation procedure, viz., absolute and relative grading systems for all its credited courses. At the end of the semester, a student is assigned a 'Letter Grade' for each course in which they are enrolled, based on their performance in all the course evaluations during the semester. The letter grade and its corresponding 'Grade Point' represent the outcomes of qualitative and quantitative assessments of a student's performance in a course. Detailed information on the award of grades in a course is provided in the [Evaluation Policy](#).

The students who already have CE marks (till the AY 2024-25), will continue the existing practice following the R23UG Academic Regulation (Version 2.1).

9.1. Computing Grade point averages (SGPA, CGPA)

The procedure adopted for computing the grade point average for the semester and cumulative is as follows:

Semester Grade point average (SGPA) for a semester is calculated as:

$$SGPA = \frac{\sum_{i=1}^n Ci \cdot Gi}{\sum_{i=1}^n Ci}$$

where

'n' is the number of courses taken by the student in a semester.

'Ci' represents the number of credits allotted to the course 'i'.

'Gi' represents the grade points secured by the student in course 'i'.

Cumulative Grade Point Average (CGPA) is calculated as:

$$CGPA = \frac{\sum_{i=1}^m Ci \cdot Gi}{\sum_{i=1}^m Ci}$$

where

'm' is the number of courses graded to date.

'Ci' represents the number of credits allotted to the course 'i'.

'Gi' represents the grade points secured by the student in course 'i'.

The SGPA will be awarded to the students for all the registered courses in a semester. The credits of the failed courses shall also be considered while calculating SGPA/CGPA in a given semester. For cases where multiple attempts have been made to get a letter grade, the last successful attempt will be used for the CGPA calculation.

The additional credits earned by a student over and above the minimum required for a said category in a programme will not be considered for the calculation of CGPA. However, the courses which contribute towards higher CGPA will be considered for inclusion.

9.2. Award of class

The Cumulative Grade Point Average (CGPA) requirement for the award of the class is as follows:

Class	CGPA required
First-class with distinction	≥ 8.0*
First-class	≥ 6.5
Second class	≥ 5.5
Pass class	≥ 5.0

*In addition to the required CGPA of 8.0 or more, the student must have necessarily passed all the registered courses in the first attempt. Distinction will not be awarded if the student fails in ANY subject.

10. Evaluation system

The course faculty will announce the framework of evaluation. Typically, the components include (not limited to) Assignments, quizzes, presentations, fieldwork, report writing, module tests, viva voce, semester-end examination etc. Detailed information on the award of grades in a course is provided in the [Evaluation Policy](#), for the courses offered from the AY 2025-26 onwards.

However, the courses offered/delivered till the AY 2024-25, will continue the practice followed in the R23UG Academic Regulation (Version 2.1)

10.1. Announcement of results

The Controller of Examinations (CoE) will announce the students' results at the end of each semester. Students will be able to access their grades in the Student Information System. If there is a requirement for a certified physical copy, students may request the Directorate of Evaluation.

10.2. Withholding of Results

Results may be withheld if:

- The student has any outstanding fees, fines, or other charges to the department / School,/ University
 - Action arising out of malpractice is pending
 - Action arising out of indiscipline is pending
- Students may view their sessional answer scripts during the designated period at the prescribed venues.

If a student wishes to request re-totaling or re-evaluation, they must do so within five working days from the last date of the announced viewing period, along with payment of the prescribed fee.

10.2.1. Supplementary Examination

A student having an “R” grade or “F” grade is permitted to appear for the supplementary examination every June for the course by paying the prescribed course fee, which will be notified by the Directorate of Evaluation. The amount is subject to revision each year. The total number of supplementary exams a student can take in a year and the applicable grade caps can be referred to in the [Evaluation Policy](#). Students who already have CE marks till AY 2024-25 will continue the practice mentioned in R23UG Academic Regulation (Version 2.1).

11. Academic Progression

11.1. Attendance policy

The students are expected to maintain 100% attendance in all the courses registered. However, the student's minimum overall attendance of all the courses put together in any semester should be 75% or greater. Also, the students meeting the minimum attendance requirement shall only be allowed to take Sessional-I and Sessional-II. For additional information, refer to [Evaluation Policy](#).

11.2. Academic break and Rejoining

- Students of GITAM are expected to complete their studies without any interruption. However, they can avail academic break in the following cases:
 - i. The student's attendance drops below the minimum overall attendance requirement of 75% in a semester and is not eligible to attend any sessional examinations.
 - ii. Students who do not register within twenty (20) days from the commencement of the semester will be on academic break.
- Rejoining after Academic Break
 - i. Students on academic break may apply for rejoining by paying the prescribed fees.
 - ii. Rejoining is permitted twice in an academic year.
 - iii. The application for rejoining must be submitted to the Head of Institution (HoI) at least 30 days before the commencement of the semester.

11.3. Minimum standards for academic promotion

Students must fulfill certain academic requirements to progress through their programme. To enter the third year in programmes of four years or more, they should earn at least 60% of the total registered credits; otherwise, they will be placed on academic probation. Progression to the final year requires successful completion of 80% of the total registered credits up to the preceding year, along with clearance of all first-year courses in the Multidisciplinary Core and University Core categories. Further, students aspiring to continue in the Honours with Research track must have completed all credits for a three-year programme and secured a minimum CGPA of 7.5.

11.4. Academic probation

If a student fails to earn the required credits to be promoted to the next higher semester, the student will be put on academic probation for the next academic year. The student can rejoin the programme upon meeting the required criteria at the end of the academic probation period. If a student is on academic probation for TWO continuous years, it will lead to dismissal from the programme.

11.5. Leave Policy

Students are expected to maintain 100% attendance in all courses. However, students with 75% or more attendance will be permitted to appear for the sessional examinations.

The University encourages participation in sports and extracurricular activities. While such involvement is supported, students must ensure that their attendance does not fall below 75%.

Attendance shortage may be considered for exemption only in the following exceptional cases:

- Representing the University, State, or Country in approved events.
- Medical emergencies, supported by valid documentation.

11.5.1. Representing the University, State or Country

The Vice-Chancellor, on the recommendation of the HOI of the School and remarks from the Director, Student life, GITAM may condone the shortage of attendance of the students on the grounds of participation in co-curricular and extracurricular activities representing the University, State or Country.

11.5.2. Medical Emergency

The student can apply for medical leave during the programme of study in the format given in Annexure-III. The process to be followed in Medical Emergency is given below

- The student needs to produce documents from a registered medical practitioner to the Mentor.
- Mentor will acknowledge after verifying the documents by email to the student and the guardian.
- The Mentor will submit the documents to the HoI; The HoI or his representative will discuss the leave request with the medical officer of the University.
- The medical officer will approve the number of days the student can avail of the medical leave based on the documents submitted by the student.
- The student's status changes from "Active" to "Medical Leave of absence" during medical leave. For the course duration, the student may avail a maximum of two years as medical leave. The student can avail of this leave at a stretch or in multiple phases.
- However, this medical leave could be converted into an Academic Break. The student is not allowed to utilize the physical resources and infrastructure of GITAM during the academic break.

Before applying for rejoining after an academic break or medical leave, the student must produce the medical fitness certificate from the medical officer of the University. Students should reinitiate the rejoining process at least 30 days before the due date of sanctioned leave. The student under medical leave of absence should communicate with the Mentor for rejoining or extension of leave. The student can cancel their approved period of absence and apply for rejoining before the commencement of a semester. The unauthorized absence of a student shall be treated as a withdrawal from the programme.

11.5.3. Parental leave of absence

Students who wish to take a break during their study period due to parental reasons such as pregnancy, maternity or paternity to take care of their child can apply for parental leave of absence. On the recommendation of the HOI of the School and remarks from the medical officer, the Vice-Chancellor can permit the student to write the sessional examinations. The process to be followed is given below:

1. The student has to submit the documents to the mentor/AMC.
2. The mentor will acknowledge and forward the same to the HoD/HoI, who will convey the University's decision.
3. The student's status changes from "Active" to "Parental Leave of absence".
4. For the course duration, the student may avail a maximum of two years as parental leave. The leave can be availed at a stretch or in multiple phases.
5. The student is not allowed to utilize the physical resources and infrastructure of GITAM during the leave period. While applying for parental leave, the student should mention the approximate date of rejoining.

6. The unauthorized absence of the student shall be treated as a withdrawal from the programme.
7. However, this parental leave of absence could be converted into an Academic Break.

11.6. Academic dismissal

Dismissal is enforced on a student in the following situations:

- If a student is involved in any disciplinary issue and the concerned committee recommends, for dismissal.
- If a student is on academic probation for TWO consecutive years, Dismissal leads to the student's permanent separation from the University.

12. Degree Requirements

The undergraduate degree programme will be of four-year duration, with an early exit option after the third year. The award of the degree will be subject to completion of the minimum number of credits and fulfillment of all conditions specified in the respective programme curriculum.

UG Degree

- A UG Degree shall be awarded to a student who has successfully completed three years of study in the undergraduate programme and has satisfied the credit requirements prescribed in the curriculum.

UG Honours Degree

- A UG Honours Degree shall be awarded to a student who meets the additional credit requirements as specified in the curriculum structure of the programme.

UG Honours with Research Degree

- Students who have completed the requirements of a 3-year Bachelor's degree and have obtained a CGPA of 7.5 or above will be eligible to continue into the fourth year, leading to a UG Honours with Research Degree, subject to the following conditions:
 - Completion of the required credits as per the curriculum.
 - Undertaking a research project or dissertation in the eighth semester, either within the same department, in another department of the institution, or at another institution with the necessary facilities.
 - Submission of research outcomes to reputed SCI / SCOPUS indexed journals.
- For the BCA programme, though the duration is four years with an early exit option after the third year, the degree (UG Degree / UG Honours / UG Honours with Research) will only be awarded upon successful completion of the required credits and curriculum conditions.
- For the B.Com programme, the minimum duration is three years with a requirement of 120 credits.

12.1. UG Degree Programmes with Double Major

Under the flexible undergraduate framework of NEP 2020, students enrolled in B.A., B.Sc., and B.B.A. programmes have the option to pursue a Double Major, allowing them to specialize in two disciplines within the same degree programme.

To qualify, a student must earn at least 40% of the total programme credits as decided by the concerned BoS chairperson from the second major discipline, in addition to completing the requirements of their first major. The specific courses to be completed for the second major will be prescribed by the respective Board of Studies (BoS). Additional credits taken for a Double Major will require the payment of

extra fees, which will be announced at the time of registration.

For example, in a 3-year UG programme (120 credits), a student must complete at least 48 credits in the second major to be eligible, while in a 4-year UG programme (160 credits), the requirement is a minimum of 64 credits. On successful completion, the student will be awarded a single degree with both majors explicitly mentioned, such as B.A. (Double Major: Economics and Psychology).

13. Award of the degree

A student is eligible for the degree award if the candidate has secured the minimum number of credits required for a given programme with a CGPA greater than 5.00, subject to the completion of the minimum duration of the programme. After completing the programme, a provisional certificate cum memorandum of grades (PCMG) will be issued. The PCMG includes the secured grades and class achieved in the chosen programme and specialisation, along with grades and CGPA secured by the student in the opted programme. The original degree will be presented in the subsequent convocation.

14. Conduct and Discipline

14.1. Classroom conduct

The students should attend to the academic work as per the schedule on all working days following the guidelines specified by the Director, Student Life. The students are expected to work with their classmates and Faculty members to achieve optimal learning outcomes. Students are expected to perform the assigned work within the due dates mentioned by the faculty member and must not leave the class without permission. Students should follow the guidelines specified by the faculty member at the beginning of the course and maintain low noise levels in the class. Students should maintain a conducive environment in the classroom for the effective teaching & learning process. Classrooms or laboratory rooms should not be used for consuming food or for celebrations.

14.2. Academic Honesty

Students are expected to perform the academic work in a fair manner, thereby maintaining the University's academic reputation. Any academic misconduct, such as plagiarism, malpractice in the examination, etc., will lead to remedial action suggested by the Suspected Malpractices Committee.

14.2.1. Violation of Academic Policy

It includes the following acts, but is not limited to:

1. Violating the rules and regulations of the academic programme.
2. Copying material from sources like articles, websites, etc., without proper citation and incorporating the content into the assignment and reports.
3. Any cheating in the examination, such as

- Possessing unauthorized material
- Taking somebody's examination.
- Having somebody else take the examination, etc.

Incidents will be reported to the Committee, and based on the pre-approved procedures, the recommendation of the Committee will be communicated to the parents/guardians of the concerned students through the HOI.

14.2.2. Disciplinary regulations

The students of GITAM are expected to follow disciplinary procedures set by GITAM, as mentioned above. If the student's behaviour is not consistent with GITAM's prescribed code of conduct, based on the severity of the issue, the student may be reprimanded orally or in writing at the first stage; The student may be even expelled from the class /Institute /school /campus /hostel /university based on the severity of the offence. The University reserves the right to act against students found involved in any of the following cases.

1. False statements intended to deceive the University, submitting the fake certificates to the University, creating the fake documents of the University, and giving them to a third party, and deliberate falsification of documents/records.
2. Insulting by words or act, using abusive, defamatory, or derogatory language against any teacher, officer, employee, or student(s) of the University on the campus or even outside the campus.
3. Creating any disturbance in classes and examinations in the University
4. Not following the list of instructions issued for examinations.
5. Making false allegations, character assassinations of teachers, officers, and employees, or indulging in rumor-mongering or committing pranks that cause grievous hurt to anyone.
6. Ragging in any form is a criminal and non-bailable offence in the country. The current State and Central legislations provide stringent punishments, including imprisonment. Once the involvement of a student(s) is established in ragging, offending fellow students/staff, harassment of any nature to the fellow students/staff etc. the student(s) will be liable to be dismissed from the Institute, as per the laid down procedures of the UGC / Govt. /Institute. Senior students at the Institute shall give an undertaking every year, co-signed by their parents/ guardians, before Registration for the odd semester of the academic year.
7. Students are required to conduct themselves with decorum both inside and outside the campus and not indulge in activities that may adversely affect the prestige and reputation of the Institute.
8. Any act of indiscipline of a student reported to the HoI/HoD will be referred to a Discipline Committee constituted for the purpose. The Committee will inquire into the charges and recommend further action, including removal from the University if the charges are substantiated. The student concerned may appeal to the Vice Chancellor, whose decision will be the final.

15. Grievance Redressal System

To redress the grievances of the students, there is a grievance redressal mechanism in GITAM. The student may apply online in case of any grievances. Click [here](#) to submit a grievance. The student should fill in the essential details on the form and then select "Academic grievance". The student can submit grievances related to the following:

1. Grades, exam procedures, excused absences, and class policies
2. Academic advising
3. Faculty performance or faculty behaviour
4. Course content, teaching methodology, etc.
5. Academic probation, suspension, etc.
6. Academic integrity and the Honor Code
7. Marks memos, PCMG, credits, degree award, etc.
8. Class availability, timings, etc.
9. Online, distance education, MOOCs etc.
10. Any other (specify clearly)

Upload the supporting documents (if any): If the student has any documental evidence to support the claim, then upload the necessary documents with proper file names and references in chronological order of dates and events.

16. Academic Bank of Credits

The Academic Bank of Credits (ABC) is an academic service mechanism established and managed by the Ministry of Education (MoE) / University Grants Commission (UGC) as a digital/virtual/online entity. It enables students to become academic account holders and facilitates seamless mobility between or within degree-granting Higher Education Institutions (HEIs). ABC operates through a formal system of credit recognition, accumulation, transfer, and redemption, thereby promoting flexible and distributed teaching–learning. It allows students to progress within and across programmes, subject to meeting admission and eligibility requirements.

Credits in ABC are fungible across levels of the same programme pathway (e.g., Degree → Honours). However, they cannot be duplicated across different programmes. Each award (Degree, or Honours) requires either new or cumulative credits, not recycled ones already redeemed for another qualification.

16.1. Implementation of the ABC scheme

GITAM, recognized by UGC and the Ministry of Education as a Category–I Deemed to be University and accredited by NAAC with an A++ grade, is registered under the Academic Bank of Credits (ABC) scheme.

16.2. Minimum number of credits to be secured at GITAM

Students who wish to pursue a programme at GITAM while utilizing credits earned from other HEIs through the ABC scheme must secure at least 50% of the minimum credit required of the programme at GITAM. In addition, students must complete the minimum number of credits in core subjects as specified in the programme curriculum.

16.3. Admission in individual courses

GITAM supports the admission in individual courses to the students pursuing UG and PG programmes in other HEI's participating in ABC, subject to the available vacancy in each course. The first priority for Registration in each course will be given to GITAM students. At the end of adding/dropping the course registration period, based on the availability of the vacancy in each course, the programme coordinator will permit the Registration of courses to the students other than GITAM on the first cum first serve basis. The candidate needs to pay the required course fee within the due date to confirm course admission. The course fee depends on the course credits, type of course (lab, theory, theory cum lab etc.) and the department/Institute which offers the course. GITAM has audio-visual facilities, e-resources, virtual classrooms, studios, high bandwidth internet connectivity to support ODL/online courses and individual course registration.

16.4. Validity of stored credits in ABC

The regulations in force will determine the validity of the credits earned at GITAM or any other HEI.

Nomenclature

- ❖ **ABC:** Academic Bank of Credits
- ❖ **AC:** Academic Council
- ❖ **AIC:** Academic Integrity Committee
- ❖ **AIU:** Association of Indian Universities
- ❖ **AMC:** Academic Monitoring Committee
- ❖ **B.Sc:** Bachelor of Science
- ❖ **BCA:** Bachelor of Computer Application
- ❖ **BCom:** Bachelor of Commerce
- ❖ **BoS:** Board of Studies
- ❖ **CBSE:** Central Board of Secondary Education
- ❖ **CCOM:** Course Committee
- ❖ **CE:** Continuous Evaluation
- ❖ **CEO:** Course Educational Objectives
- ❖ **CGPA:** Cumulative Grade Point Average
- ❖ **CIWGC-SEA:** Children of Indian Workers in Gulf Countries and Southeast Asia
- ❖ **CO:** Course Outcomes
- ❖ **CoE:** Controller of Examinations
- ❖ **CSCS:** Computer Science and Cognitive Systems **DoAA:** Directorate of Academic Affairs
- ❖ **FCS:** Flexible Credit System
- ❖ **FN:** Foreign Nationals
- ❖ **GAT:** GITAM Admissions Test
- ❖ **GITAM:** Gandhi Institute of Technology and Management
- ❖ **GMAT:** Graduate Management Admission Test
- ❖ **GPA:** Grade Point Average
- ❖ **HoD:** Head of Department
- ❖ **Hol:** Head of Institution
- ❖ **IQAC:** Internal Quality Assurance Cell
- ❖ **LMS:** Learning Management System
- ❖ **MC:** Major Core
- ❖ **MDC:** Multidisciplinary core
- ❖ **MoE:** Ministry of Education
- ❖ **MOOCs:** Massive Open Online Courses
- ❖ **MOODLE:** Modular Object-Oriented Dynamic Learning Environment
- ❖ **NAAC:** NATIONAL ASSESSMENT AND ACCREDITATION COUNCIL
- ❖ **NAD:** National Academic Depository
- ❖ **NATA:** National Aptitude Test in Architecture
- ❖ **NRI:** Non-Resident Indian
- ❖ **OCI:** Overseas Citizen of India
- ❖ **ODL:** Open and Distance Learning
- ❖ **PCMG:** Provisional Certificate cum Memorandum of Grades
- ❖ **PCOM:** Programme Committee
- ❖ **PEO:** Programme Educational Objectives
- ❖ **PIO:** Person of Indian Origin
- ❖ **PO:** Programme Outcomes
- ❖ **SAT:** Scholastic Assessment Test
- ❖ **SCOM:** School Committee
- ❖ **SDG:** Sustainable Development Goal
- ❖ **SEE:** Semester-End Examination
- ❖ **SGPA:** Semester Grade Point Average
- ❖ **SIS:** Student Information System
- ❖ **SLAC:** School Level Advisory Committee
- ❖ **SWAYAM:** Study Webs of Active Learning for Young Aspiring Minds
- ❖ **UC:** University Core
- ❖ **UG:** Undergraduate
- ❖ **UGC:** University Grants Commission
- ❖ **VDC:** Venture Development Centre

Definitions

Academic Bank of Credits: It will offer flexibility to the students and executives to promote liberal education. The students will be account holders to whom the bank will provide credit accumulation, credit transfer, and credit redemption services. After accumulating credits, a student can redeem these for the degree.

Academic Council: It is the principal academic body of the University and is responsible for maintaining standards of education, teaching and learning, research, and evaluation and shall exercise other academic duties and functions conferred, subject to the provisions of the Memorandum of Association, Rules, and Bylaws.

Academic Year: Two consecutive (one odd + one even) semesters constitute an academic year.

Add/Drop Period: The period during which the students can modify the registered courses. They can add additional courses or drop the courses already registered.

Bachelors/Undergraduate degree: An academic degree that is given to a student by a college or University, upon the successful completion of course duration and curriculum credit requirements.

Board of Studies (BoS): It is the academic body at the Department/Institute level constituted to advise and report to the Academic Council on all matters related to education, teaching, and learning, research, evaluation, curriculum development, the introduction of new programmes, and all other academic-related issues.

Class: It is defined as a unique combination of course-slot-faculty.

Continuous Evaluation: Assessments conducted during the course period.

Course Code: A Course Code is a unique alphanumeric code generated and assigned to the courses created by the institutions. The Course Code helps students to locate the course they should be enrolling in.

Course Credit: A credit is a unit that gives weight to the value, level, or time requirements of an academic course taken at a school or other educational institution.

Course registration: Course registration means registration for each course that the students opt to study in a semester.

Course: A course is an individual subject in an academic term led by one or more instructors. A course is designed to comprise lectures/ tutorials/laboratory work/ fieldwork/ outreach activities/ project work/ vocational training/viva/ seminars/ term papers/assignments/ presentations/ self-study etc. or a combination of some of these.

Cumulative Grade Point Average (CGPA): It is the weighted average of the grade points earned by the student for all the courses registered.

Dean: A person with academic authority over a specific School in the University

Directorate of Academic Affairs: Academic Affairs is the administrative office in an educational institution that supervises a wide range of educational divisions at a University. This office plays a leading role in curriculum design and implementation.

Double Major: A student who meets the major requirements of the two programmes within or outside the faculty will be awarded a "Double Major," and the same will be mentioned on the PCMG as a major degree (specialization) and Double Major (specialization).

GITAM Admission Test (GAT): GAT Admission test is designed to determine a person's competency level in a specific subject(s) and may be used to determine admissibility to a program.

Grade Card: Based on the grades earned, a certificate shall be issued to all the registered students after every semester. The grade certificate will display the course details (code, title, number of credits, grade secured) and SGPA of that semester and CGPA earned till that semester.

Grade Point: It is a numerical weight allotted to each letter grade on a 10-point scale. Letter Grade is an index of the performance of a student in a course. Grades are denoted by letters O, A+, A, B+, B, C, P & F.

Major Core Course: There may be a Major Core Course every semester. This is the course that is to be compulsorily studied by a student to complete the requirement of a programme.

Major Elective Course: It is the domain course to support the discipline, expanding the scope in the chosen programme. An appropriate minimum number of such electives specified in the programme will lead to the award of a degree in the major discipline.

Minor Course: These are mandatory courses chosen from a list of approved minor disciplines.

Programme: An educational programme grants a degree in a particular discipline or specialization. Each programme comprises certain types of courses, duration, and the minimum number of credits. Upon fulfilling the requirements, an academic degree is awarded in that programme. Example: B.A. Programme, B.Sc. Programme, etc.

Registration Period: The period during which students register for courses at GITAM every semester.

Scholarships: Scholarships are financial assistance to the candidates based on marks/ranks obtained in GAT and other common entrance tests conducted at the state and national level for admission into the undergraduate programmes.

School Level Advisory Committee: It is an academic body consisting of all HOIs and the HODs of the School to scrutinize the School's Vision, Mission, Programme Educational Objectives (PEOs) & Programme Outcomes (POs) of all the Programmes offered, Teaching, Learning & Evaluation (T-L-E) process, Student Support System, Extension Activities etc., and offer suggestions for improvement.

School: The Departments/Institutes dealing with allied programmes shall be grouped into Schools. For example, all Science institutes/departments in the three campuses of GITAM shall be grouped as one School and is named as School of Science.

Semester End Examination: Assessments are conducted at the end of the semester.

Semester Grade Point Average (SGPA): It is the weighted average of the grade points earned by the student for the courses registered in a semester.

MEDICAL LEAVE OF ABSENCE (FORM – A) FOR MINOR ILLNESS/INJURY

PART-A: Student Details

Name of the student	:				
Registration Number	:				
Department	:				
Programme Pursuing	:		Year of Admission	:	
Institute	:		Campus	:	
Mobile Number	:		E-mail ID	:	

PART-B: Parent/Guardian Details

Name of the Parent/Guardian	:				
Address for Communication	:				
Mobile Number	:		E-mail ID	:	

PART-C: Details of Medical Leave of Absence

Details of Sickness or Injury			
Date of Commencement of ML		Possible Date of Return	
Total Number of days			

DECLARATION

I hereby declare that the information provided about my sickness/Injury is true and accurate on the dates shown above. I acknowledge that false information will result in disciplinary action.

Date:

Signature of the Student

I agree the above fact and his/her leave on the above said days with my knowledge. I know that my ward must have secured a minimum of 75% of overall attendance which is eligible for appearing University Theory/Practical examinations.

Date:

Signature of the Parent/ Guardian

MEDICAL LEAVE OF ABSENCE (FORM – B)
TO AVAIL ACADEMIC BREAK

PART-D: Medical Authorization

About Medical Condition of the student		
Authorization		
I affirm that the information regarding Medical Leave and the student's medical condition is true and accurate to the best of my knowledge. I authorize to process the request for Medical Leave.		
Name of the Medical officer	:	
Designation	:	
Signature	:	
Date	:	

Signature of Faculty Advisor Name: Designation:	Specific Remarks
Signature of the HoD/HoI	
Signature of the Dean/ Campus In-Charge
